MEDICAL LAWS OF GEORGIA.

An Act to Establish Boards of Medical Examiners for the State of Georgia, to Define Their Duties and Powers, to Protect the People from Illegal and Unqualified Practitioners of Medicine and Surgery, to Regulate the Issuing and Recording of Licenses, to Prescribe Penalties for the Violation of this Act, and for other purposes.

Section 1. Be it enacted by the General Assembly of Georgia, and it is hereby enacted by authority of the same, that within thirty days after the passage of this act, it shall be the duty of the Governor to appoint for this State three separate boards of medical examiners of five members each, as follows: One board to consist of five members of the regular school of medicine; one board of five members of the eclectic school of medicine; and one board of five members of the homeopathic school of medicine. The members of each of said boards shall be men learned in medicine and surgery, of good moral and professional character, and graduates of reputable medical colleges; but none of them shall be members of the faculty of any medical college. Each of said three boards shall be wholly independent of, and separate from, the other two in the performance of the duties herein required of each of said boards. A majority of each board shall constitute a quorum.

Sec. 2. Be it further enacted, that the term of office of said members shall be for the term of three years; provided, that two members of each board shall first be appointed for one year; two for two years, and one for three years; and subsequently each appointment shall be for the full term of three years. Any vacancy that may occur in said board, in consequence of death, resignation, removal from the State, or from other cause, shall be filled for the unexpired term by the Governor.

Sec. 3. Be it further enacted, that immediately and before entering upon the duties of said office, the members of said Board of Medical Examiners shall take the following oath: "I do swear that I will faithfully perform the duties of a member

OF NORTH AMERICA (1910)

Georgia

439

of the Board of Medical Examiners for the State of Georgia to the best of my ability, so help me God," and shall file the same in the office of the Governor of the State, who, upon receiving the said oath of office, shall issue to each examiner a certificate of appointment.

Sec. 4. Be it further enacted, that immediately after the appointment and qualification of said members, each board shall meet and organize. The officers of said board shall be a president, vice-president, and secretary (who shall act as treasurer). Said officers shall be members of and elected by their respective boards. Each board shall hold two regular meetings in each year. One meeting shall be held at such time on or just before graduation day of each medical college now chartered, or that may hereafter be chartered, in this State, and the board of examiners, after consultation with the faculty of said college, shall fix a time for its meeting to suit a majority of the students graduating from said college; the other, on the second Tuesday in October. The first meeting shall be held in the city of Atlanta, and the succeeding meetings of each board may be held in such city as each board may determine for itself. Special meetings may be held upon the call of the president and two members of each board; but there shall not be less than two regular meetings in each year. Each board may prescribe rules, regulations and by-laws for its proceedings and government, and shall keep permanent record of its actions. And each board shall examine and pass upon the qualifications of applicants for the practice of medicine in the State, as herein prescribed.

Sec. 5. Be it further enacted, that it shall be the duty of each board, at any of its meetings, to examine only persons making application to it, who are graduates of an incorporated medical college, school or university, that requires not less than three full courses of study of six months each, who shall desire to commence the practice of medicine or surgery in the State, and who shall not, by the provisions of this act, be exempt from such examination: but any person now matriculated as a student of medicine at any medical college, after graduation, and any person from another State who shall have graduated prior to April 1st, 1895, at a lawfully chartered medical college requiring only two full courses of study, shall be eligible for examination and license: provided, always, that the applicant for such examination shall hold a lawfully conferred diploma from an incorporated medical college which conforms to the system of practice represented by the board to which the application shall be made; unless the applicant desires to practice a different system from that recognized in his diploma then he shall appear before the board which represents the system that he proposes to practice. But in no event shall an applicant who stands rejected by one of said boards be examined or licensed by either of the other boards. If the applicant desires to practice a system not represented by any of the boards hereby established he may elect for himself the board before which he will appear for examination. When an applicant shall have passed an examination satisfactory as to proficiency before the board in session, the president thereof shall grant to such applicant a certificate to that effect. A fee of ten dollars shall be paid to such board through such officer or member as it may designate by each applicant before such examination is had. In case an applicant shall fail to pass a satisfactory examination before any board, he shall not be permitted to stand any further examination before any of the boards within the next three months thereafter; nor shall he again have to pay the fee prescribed aforesaid for any subsequent examination; provided, that when, in the opinion of the president of any board, any applicant has been prevented by good cause from appearing before said board, the president and two members of said board designated by him shall constitute a committee, who shall examine such applicant, and may, if they see fit, grant him a certificate which shall have the same force and effect as though granted by a full board, until the next regular meeting of the board, when, if the applicant fails to appear for examination, said certificate shall be void.

Sec. 6. Be it further enacted, that the fund raised from the fees aforesaid shall be applied by each examining board to the payment of its expenses and to making a reasonable compensation to the president, secretary and members thereof.

Sec. 7. Be it further enacted, that before any person who obtains a certificate from any board, or from a committee of any board, may lawfully practice medicine or surgery in this State, he shall cause the said certificate to be recorded in the office of the clerk of the superior court in the county in which he resides. But if he does not reside in the State of Georgia, he shall cause said certificate to be recorded in any county within this State in which he offers to practice. The certificate shall be recorded by the clerk in a book to be kept for that purpose. It shall be indexed in the name of the person to whom the certificate is granted. The clerk's fee for recording a certificate shall be the same as for recording a deed.

Sec. 8. Be it further enacted, that this act shall take effect from and after the first day of January, 1895, and that it shall be unlawful thereafter for any person to commence the practice of medicine or surgery in this State without complying with the provisions of this act. But nothing in this act shall apply to persons now lawfully engaged in the practice of medicine or surgery in the State of Georgia, to any commissioned medical officer or contract surgeon of the United States army or navy or marine hospital service, in the performance of their duties as such, nor to any physician or surgeon residing in any State or Territory of the United States, or in the District of Columbia, who may be bona-fide called in consultation in a special case with a legally qualified physician or surgeon residing in this State; nor shall this act be construed as affecting or changing in any way laws in reference to license tax to be paid by physicians and surgeons; provided, that a non-resident physician or surgeon called in consultation in a special case, as above described, shall not be permitted to engage in continuous practice or consultation in connection with any resident physician or surgeon under any form of contract or agreement, direct or indirect.

Sec. 9. Be it further enacted, that any person shall be regarded as practicing medicine or surgery, within the meaning of this act, who shall prescribe for the sick or those in need of medical or surgical aid, and shall charge or receive therefor money or other compensation or consideration, directly or indirectly; provided, how-

Georgia

ever, that midwives and nurses shall not be regarded as practicing medicine or surgery.

Sec. 10. Be it further enacted, that any person who shall practice medicine or surgery in this State in violation of the provisions of this act shall, upon conviction, be punished as prescribed in section 4310 of the code of the State of Georgia for each offense; and it shall not be lawful for him to recover by action, suit, motion or warrant any compensation for service which may be claimed to have been rendered by him as such physician or surgeon.

Sec. 11. Be it further enacted, that all laws and parts of laws in conflict with this act be, and the same are, hereby repealed.

Approved December 12th, 1894.

An Act to Authorize the Boards of Medical Examiners of Georgia to Grant Licenses to Licensees of Medical Boards of Other States Without Examination, and for other purposes.

Section 1. Be it enacted by the General Assembly of Georgia, That from and after the passage of this act the Boards of Medical Examiners of Georgia be and it is hereby authorized upon a receipt of a license fee of ten dollars without examination, to endorse licenses issued by other State Boards having an equal standard and requirements with the Georgia boards; provided, said other State Boards accord to the licensees of the Georgia State Boards the same courtesy, and said other board licenses, when endorsed, shall entitle the holder to register in this State, and to all the rights and privileges thereby granted. Provided further, that all physicians in regular standing who graduated before the act, creating the State Examining Boards, be granted license without examination on payment of fees, who desire to locate outside of this State.

Sec. 2. Repeals conflicting laws.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R. Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; ‡, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; †, Dentist; R. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 143-189) indicates the college of graduation, and the last number the year in which diploma was granted.

PASSIFLORA

(DANIEL'S)

THE TRUE SEDATIVE.

A NATURAL nerve food containing no morphine, opium or other deleterious ingredient. DANIEL'S PASSI-FLORA is the concentrated tincture of the May Pop—a plant of superlative value as a nervine and narcotic—induces natural rest without reaction, and imparts a healthful tone to the entire nervous system. DANIEL'S PASSI-FLORA is indicated in Nervousness, Insomnia, Hysteria, Neuralgia, Dentition and during Pregnancy and the Menopause.

Write for Literature. Samples Supplied Physicians Paying Express Charges.

IDAHO.

CAPITAL, BOISE.

Population of State, 273,269.

(State Census of 1905.)

Number of Physicians, 294.

Idaho was organized as a territory March 3, 1863, and admitted as a state July 3, 1890.

The total land surface of Idaho is, approximately, 84,290 square miles, the average number of persons to the square mile at the census of 1890 and 1900 being as follows: 1890, 1.0; 1900, 1.9. It extends from 42 degrees to 49 degrees north latitude, and from 111 degrees to 117 degrees west longitude, and is bounded on the north by British Columbia, on the south by Nevada and Utah, on the east by Montana and Wyoming, and on the west by Washington and Oregon. The climate is cool and healthful, the mean annual temperature being 52.64. The Rockies, form the northeastern boundary, Bitter Root mountains, a chain of the and their spurs and extensions occupy a considerable portion of its surface. Mining and agriculture are the principal industries. Its mountains are well supplied with gold, silver, lead and copper, while the river valleys are unsurpassed for the growth of cereals and the raising of stock. More than one-fifth of the lead products of the United States in 1899 was taken from the mines of this state, and in the production of silver Idaho ranked fourth. The manufacture of timber and lumber products is the principal manufacturing industry. The number of establishments engaged in this industry has increased from 41 to 117 since 1890.

The 1900 census shows in all 667 active industrial concerns with a combined capital of \$2,980,757, the value of products being \$4,040,851.

LAW REGULATING THE PRACTICE OF MEDICINE AND SURGERY IN THE STATE OF IDAHO.

Senate Bill No. 26. Passed at the Fifth Session, of the Legislature of the State of Idaho. Approved March 3, 1899.

AN ACT to Regulate the Practice of Medicine and Surgery within the State of Idaho, and Providing Penalties for the Violation of this Act; and the Repeal of All Other Acts in Relation Thereto.

Be it enacted by the Legislature of the State of Idaho:

Section 1. The Governor of the State, within sixty days from the expiration of the session of the legislature at which this act shall have been passed, shall appoint a Board of Medical Examiners, to be known and styled "The State Board of Medical Examiners," consisting of six members, a majority of whom shall never be appointed from, nor represent, any one school of medicine, and not less than three schools of medicine shall be at all times represented on said Board, all of whom shall be graduates of reputable medical colleges or universities, in good standing, and learned and skilled in the theory and practice of medicine and surgery, and of good moral repute.

The terms of office of the members forming the first board under this Act shall be as follows, viz: Two members thereof shall be appointed to serve for a period of two years, and two members thereof shall be appointed to serve for a period of four years, and two members thereof shall be appointed to serve for a period of six years. After which all subsequent appointments shall be for a period of six years, and until their successors shall have been appointed and qualified. All persons appointed to serve under said board shall, upon assuming the duties thereof, make oath before a district or probate judge that they are graduates of colleges or universities in good standing, giving names and locations thereof, and that they will faithfully and impartially perform the duties of such office. These oaths shall be made in duplicate, one to be retained on file in the office of the secretary of said board, and one to be forwarded to the Secretary of State, who shall, on receipt of the same, issue to each member appointed on said board, and complying with this section, a certificate of such appointment, under his hand and the great seal of the State: Provided: That the Governor shall remove any member of said board who shall be guilty of any criminal or dishonorable conduct, or who shall be guilty of any unprofessional conduct forbidden by this Act, upon recommendation from the said board, made pursuant to a resolution thereof, duly authenticated and accompanied by all the facts and testimony in possession of said board, upon which the said resolution is based. Vacancies occurring from death, resignation or any other cause, shall be filled by appointment by the Governor within thirty days from the time such vacancies occur, and such appointee shall serve during the unexpired portion of the term of the member whose place he fills: Provided, further, that after the board shall have been constituted and organized, no person otherwise eligible shall thereafter be appointed on said board who is not in possession of a license to practice medicine and surgery in this State under the provisions of this Act.

Sec. 2. Said board shall have authority to prescribe and establish all needful rules, regulations and by-laws, not inconsistent with the laws of this State, or the United States, to carry into effect the provisions of this Act.

Sec. 3. Said board shall organize immediately after appointment by electing from among its members a president, a secretary, and a treasurer, and shall provide a seal and shall attest its acts under said seal. Any member of the board shall have the authority to administer oaths, and the board shall have authority to take testimony whenever the same is necessary in any matter relating to its official acts or duties. Said board shall hold regular meetings on the first Tuesday in the months of April and October in each year at the capital of the State, or at such other places

Idaho

as the board shall designate. Special meetings may also be called, when, in the opinion of a majority of the said board, the same is necessary, and shall be held at such times and places as a majority of the board may designate. Said board shall keep a minute book or general book of record in which all the official acts, proceedings and transactions of said board shall appear in full. They shall also keep in addition thereto a "Cash Book," in which shall appear in detail all receipts and disbursements of said board. They shall also keep a special register, containing the names and addresses of all applicants for license, together with the data required to be furnished in the application for said license. Said special register shall also show whether the applicant received license or was rejected, and if the applicant was rejected it shall contain a full statement of the reasons therefor. Said general book of record, the cash book, and the special register, shall be prima facie evidence of all matters therein recorded, and shall be public records in charge of the secretary of the board.

Sec. 4. The board shall make an annual report to the Governor of the State, which report shall set forth a full and complete history of all its official acts during the year, and shall also contain a true statement of all receipts and disbursements of said board for the period so reported.

Sec. 5. All persons, except as hereinafter provided, who are legally engaged in the actual practice of medicine and surgery, or either of them, within the State, at the time of the passage of this Act, under the provisions of the medical act of 1887, shall be licensed without examination to continue such practice under this Act, by making application to the State Medical Examining Board upon suitably prepared blanks to be furnished by said board, within six months from the taking effect of this Act. The applicant shall be required to transmit with said application, a certificate from the county recorder from the county in which he or she may reside, that said applicant is a bona-fide resident of the State and has recorded his or her diploma under the provisions of the medical act of 1887, giving date of such record. Persons who received a license under the now defunct medical law of 1897, will simply be required to transmit such license. The fee for license under this section shall be five dollars (\$5) and shall in each case accompany the application. Upon fulfillment of the requirements herein stated, the board shall issue to said applicant a license to practice medicine and surgery within this State. Persons for whom the provisions of this section are intended, failing or refusing to avail themselves of the same, shall be and are hereby subjects to the requirements of section six of this Act.

Sec. 6. After the passage of this Act, every person, except as hereinafter provided, desiring to commence the practice of medicine and surgery, or either of them, within the State shall, immediately and prior to commencing the same, make a written application to the State Medical Examining Board, upon suitably prepared blanks, to be furnished by the board, for a license so to do. The applicant shall transmit with said application his or her diploma, together with an affidavit setting forth that said diploma is genuine, and that the applicant is the rightful possessor thereof and the identical person named therein, and that same was obtained by pursuing the regular course of study or examination in said institution, and setting forth that he or she is a citizen of the United States, or has declared their intention of becoming such. If the said diploma has been issued by a reputable college of medicine in good standing, and applicant shall be eligible to examination. All applicants shall be examined in the applied branches of the theory and practice of medicine and surgery, or either of them, as those branches are taught in the reputable chartered schools of the system of medicine to which the applicant belongs and which the applicant intends to practice, and such examination shall in all cases include anatomy, physiology, pathology, diagnosis, hygiene, chemistry, histology and toxicology. No applicant for license shall be allowed to practice medicine and surgery, or either of them, until such license shall have been granted. The board shall cause the examination to be scientific and practical and sufficiently thorough to test the applicant's fitness to practice medicine and surgery, or either of them, and if the applicant correctly answer at least seventy-five per cent of all the questions submitted, said board shall grant the applicant a license to practice medicine and surgery in this State. Every applicant for license under any of the provisions of this Act, must furnish sufficient evidence to the board that they are of good moral character. All applications under this section must be accompanied by twenty-five (\$25) dollars, which is the fee for examination under this section. Should the applicant fail to pass said examination, the fee is not returnable. The cost of transmission to and from the board of all papers belonging to an applicant under this or any other section of this Act, shall be paid by the applicant. In the case an applicant, for an examination fails to pass the required examination, he or she may be re-examined after the expiration of six months, and within one year, without the payment of an additional fee, and thereafter said applicant may be examined as often as desired at any regular or special meeting of the board on the payment of the regular fee for such examination. Said board may also refuse a license for unprofessional conduct or conduct of a criminal, immoral, or dishonorable nature.

Sec. 7. The words "unprofessional or dishonorable conduct" as used in section 6, or any other section of this Act, is hereby declared to mean:

First. The procuring or aiding or abetting in procuring a criminal abortion.

Second. The employment of what are popularly known as "cappers" or "steerers" in procuring practice.

Third. The obtaining of a fee on the assurance that a manifestly incurable disease can be permanently cured.

Fourth. A wilful betrayal of the professional secret to the detriment of the patient.

Fifth. All advertisements of medical business in which untruthful and improbable statements are made.

Sixth. All advertisements of any kind, of any medicine or means, whereby the monthly periods of women can be regulated or the menses can be re-established if suppressed.

471

Seventh. Conviction of any offense involving moral turpitude.

Eighth. Habitual intemperance in the use of ardent spirits, narcotics or stimulants.

Sec. 8. All questions upon the different branches of medicine and surgery submitted by said board to candidates for examination shall either be written or printed, or partly written and printed, and the questions on each branch shall be arranged upon separate sheets of paper and numbered consecutively.

The candidate shall be supplied with a list of the questions upon but one branch or subject at a time, which after completing his or her answers thereto, he or she shall be entitled to the next list of questions, and so on in like manner until said candidate shall have been examined in all the branches required. All answers to the questions thus submitted shall be in writing, upon suitable paper furnished by the board, no candidate being permitted to furnish his or her own paper for such written answers. Each list of the candidate's answers must bear the same title as the corresponding list of questions, and each answer shall be numbered to correspond with the question to which it refers. The questions submitted by the board to each candidate examined, together with the answers thereto, shall be placed and kept on file in the office of the secretary of said board, and shall constitute part of the records of said office.

Sec. 9. When complaint is made to the board, of unprofessional or other conduct, on the part of any licentiate, under the provisions of the act, meriting a suspension, revocation, or cancellation of his license, the board shall have power to hear evidence for and against the accused touching such complaint, and if the board be satisfied from the evidence of the justice of such complaint, the board must institute proper proceedings in the district court in and for the county where such licentiate resides, for the suspension or revocation, and cancellation of such license, and the district courts of this State are hereby vested with jurisdiction to hear and determine all such proceedings, and to suspend or revoke and cancel any license at issue in any such proceedings. The accused shall be entitled to appear in person or by counsel at every stage of such proceedings, from the first hearing of said complaint before the board to the final disposition of the case in the district court. All costs incident to any such proceeding in the district court shall be assessed by the court as the justice of the case, in the discretion of the court, may require.

In all such proceedings the county attorney shall appear for the board in the district court. In case the board refuse to grant a license to practice under this Act, the applicant shall have the right to have the action of the board refusing such license reviewed by the district court in and for the county in which the meeting at which the license was refused was held, or such other county as may be agreed upon: Provided, proceedings for such a review be instituted within ten days after notice of such refusal upon the applicant.

Sec. 10. Any person practicing medicine and surgery within this State without having obtained a license herein provided for, or contrary to the provisions of this Act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in a sum not less than one hundred dollars nor more than one thousand dollars, or by imprisonment in the county jail not less than thirty days, nor more than one year, or by both such fine and imprisonment, in the discretion of the court, together with the costs of prosecution, and each day such person continues to practice medicine and surgery, contrary to the provisions of this Act, shall constitute a separate offense.

Sec. 11. Every person receiving a license under this Act shall, within thirty days thereafter, have the same recorded in the office of the county recorder, within the county where the licentiate intends to practice. Otherwise, said license is void. The county recorder of each county shall have suitably prepared a separate "book of record," in which all the licenses under this Act, presented to them, shall be recorded, and on the first day of December of each year, furnish the Secretary of "State Medical Examining Board" a list of the licenses on record in his office, and upon notice to him from said secretary of the revocation of any license on record in his office, or of the death or removal from the county of any person whose license is on record therein, said recorder shall make a note of the fact on the page containing the record of said license, so that the records kept by said county recorder shall correspond with the records of his county, as kept by the secretary of said medical board.

Sec. 12. All licenses issued by the board shall be numbered consecutively and in the order issued. Each license shall be signed by the president and secretary of the board under the official seal of the board issuing same. Four members of the board shall constitute a quorum to transact business at any regular or special meeting.

Sec. 13. The words "respectable or reputable medical college or university in good standing" are hereby declared to mean such medical colleges or universities as are legally chartered, reputable, and in good standing within the State or county where they are located.

Sec. 14. Any person shall be regarded as practicing medicine and surgery, or either, who shall advertise in any manner, or hold himself or herself out to the public as a physician and surgeon or either, in this State, or who shall investigate or diagnosticate or offer to investigate or diagnosticate any physical or mental ailment of any person with a view of relieving the same as is commonly done by physicians or surgeons, or suggest, recommend, prescribe or direct, for the use of any person, sick, injured or deformed, any drug, medicine, means or appliance for the intended relief, palliation, or cure of the same, with the intent of receiving therefor, either directly or indirectly, any fee, gift or compensation whatsoever: Provided however, this Act shall not apply to dentists and registered pharmacists or midwives in the legitimate practice of their respective professions, nor to services rendered in cases of emergency, where no fee is charged. Any person who shall present to the board, as his or her own, the diploma of another, or a forged affidavit of identification, or who shall attempt to personate another practitioner of a like or different name, shall, upon conviction thereof, be subject to such fine and imprisonment as are made and provided by the statutes of the State of Idaho for the crime of forgery.

Sec. 15. It shall be the duty of the county attorneys to prosecute all violations

Idaho

(1910) POLK'S MEDICAL REGISTER

Idaho

of this Act within their respective counties. And in all cases of appeal to the supreme court of the State, the attorney general thereof shall represent said board upon said appeal. The board shall investigate all complaints of non-compliance with, or violations of, the provisions of this Act, and to bring all such cases to the notice of the proper prosecuting officers.

Sec. 16. This Act shall not apply to commissioned medical officers of the United States army, navy and marine hospital service in the discharge of their official duties, nor to railway surgeons in the discharge of official duties, nor to legally qualified physicians and surgeons from other states, when called in consultation with any legally qualified physician and surgeon of this State.

Sec. 17. The members of said board shall look alone to the revenues of this Act for reimbursement of actual expenses incurred in attendance upon the business of sessions of said board, and they shall look alone to the same source for their per diem allowance, which shall not exceed the sum of five dollars per day each, for each day said board may be in actual session.

Sec. 18. The Governor is hereby empowered to receive from the late secretary of the now defunct state board of medical examiners all property and money in his possession belonging to the said board, and to deliver same to the secretary of the State Board of Medical Examiners to be by him appointed under this Act.

Sec. 19. All other acts and parts of acts regulating the practice of medicine and surgery in this State are hereby repealed.

Sec. 20. Whereas, an emergency is hereby declared to exist, this bill shall be in force and take effect from and after its passage and approval by the Governor.

Approved on the 3rd day of March, 1899.

EXTRACTS FROM THE LAW AND RULES OF THE BOARD.

"No temporary license or permits can be granted under the law."

"Practice in the State is prohibited under penalty, until license is first obtained."

"An examination in person before the Board is required in all cases; no 'private' examinations can be held by individual members of the Board."

"The Board meets for examinations on the first Tuesday in April and October each year."

"The subjects embraced in the examinations are: Anatomy, Physiology, Chemistry and Toxicology, Materia-Medica and Therapeutics, Diagnosis, Theory and Practice, Hygiene, Obstetrics, Gynecology, Surgery, Pathology and Histology."

"The fee for examination is \$25.00, which should be forwarded with the application to the Secretary; diploma and other credentials should be presented in person at the time of examination."

INFORMATION CONCERNING MEDICAL LICENSURE IN IDAHO.

There is no reciprocity in Idaho at present.

The Idaho State Medical Law requires an examination of each and every applicant who contemplates the practice of medicine in this State, and forbids practicing until license is first obtained. The Board of Examiners have neither the authority nor the disposition to waive any of the provisions of the law. The Secretary has been instructed by action of the Board to file complaint against every person attempting to practice before passing the examination. No temporary license or permit can be granted by the Board under the present medical law.

The Board meets for examination of candidates semi-annually—on the first Tuesday in April and October. No "Special," "Private" or "Individual" examinations are ever held by the Board or any of its members. Applicants must appear in person at the regular stated meetings.

To be eligible to the examination, applicants must be graduates of recognized reputable medical colleges in good standing, and must present their diplomas to the Board for inspection, together with certificates of good moral character signed by two reputable physicians, one of whom should be a physician residing at or near applicant's last place of residence.

The examinations are wholly in writing, and embrace the following branches or subjects, with ten questions on each subject, viz: Anatomy, Physiology, Chemistry and Toxicology, Materia-Medica and Therapeutics, Diagnosis, Theory and Practice, Hygiene, Obstetrics, Gynecology, Surgery, Pathology and Histology. A general average of 75 per cent is required by law to entitle an applicant to receive a license.

Candidates from all schools of practice are examined on all subjects in common, except the questions on materia-medica and therapeutics, which are adapted to the school of practice accepted by the candidate.

By rule of the Board a recent unmounted photograph of applicant must be filed with the application.

The fee for examination is \$25.00 and must accompany the application. Applications must be filed with the Secretary prior to the examination.

Respectfully,

O. J. ALLEN, M. D.,

Secretary State Board of Medical Examiners, Bellevue.

C

ILLINOIS.

CAPITAL, SPRINGFIELD.

Population of State, 5,418,670.

(U. S. Census Bureau, 1906.)

Number of Physicians, 9,329.

Illinois was organized as a territory March 1, 1809, and admitted as a state December 3, 1818. The population of the state, according to the U. S. census of 1900, is 4,821,550, as compared with a population in 1890 of 3,826,351, showing an increase during the decade of 995,199, or 26 per cent. The following table shows the increase since 1850:

1850.....	851,470	1880.....	3,077,871
1860.....	1,711,951	1890.....	3,826,351
1870.....	2,539,891	1900.....	4,821,550
		1906.....	5,418,670

In 1673 the early French missionaries and traders from Canada, extending their explorations to the southwest of Lake Michigan, found certain Indians inhabiting this region who were known as the Illinois tribe, or Illini, as the name was first spelled by the French. The name was soon transferred to the river, along the banks of which the Illinois tribe had numerous villages, and afterwards applied to the country on either side of the river and as far south as the Ohio. During the French and British occupations this rather indefinite region was known as "The Illinois country," retaining the name "Illinois" when organized afterwards as a territory and a state.

The parallel 42 degrees 30 minutes north latitude forms the northern boundary extending from Lake Michigan to the Mississippi river, a distance of about 150 miles. About the same length of its eastern boundary is formed by the meridian 10 degrees 25 minutes west from Washington. Besides these two lines it has the natural boundaries of Lake Michigan on the northeast, the Wabash and Ohio rivers on the east and southeast, and the Mississippi for its very irregular western boundary. Its extreme length, north and south, is 385 miles, and its greatest width, east and west, 218 miles. Its area is about 56,000 square miles, or 35,840,000 acres, nearly the whole of which is arable, the state containing a smaller proportion of waste land than any state in the Union, with the possible exception of Iowa. Its area is greater than that of England or the two kingdoms of Denmark and Portugal combined, or of all the New England states exclusive of Maine. It is easily the first agricultural state in the Union, and ranks first also in its railroad mileage. It is now the third state in population, among the first in manufacturing industries, and has within its boundaries a wealth of resources unsurpassed by any other state.

The climate is pleasant and healthful and perpetual breezes blow over the prairies, modifying the summer heats, while Lake Michigan makes the neigh-

boring regions warmer in winter and cooler in summer. The diversity of the climate depends largely on the extent of the state north and south, one end being in the latitude of Boston, Mass., and the other in that of Norfolk, Va. The fluctuations in temperature are often great and sudden, but the vital statistics show that the climate is remarkably healthful. For list of Medical Colleges, see page 152.

STATE BOARD OF HEALTH.

Pres, G W Webster, M D, Chicago; Sec-Treas James A Egan, M D, Springfield; C J Boswell, M D, Mounds; R E Neidringhaus, M D, Granite City; W R Schussler, M D, Orland; P H Wessel, M D, Moline; Henry Richings, M D, Rockford.

MEDICAL LAW OF ILLINOIS.

(Extract from the Revised Statutes of Illinois, 1907.)

An Act to Regulate the Practice of Medicine in the State of Illinois, and to Repeal an Act Therein Named, in force July 1, 1899, as Amended by an Act in force July 1, 1907.

Section 1. Organization and Duties of State Board of Health.—Be it enacted by the People of the State of Illinois represented in the General Assembly: That the State Board of Health shall organize within three months after the passage of this act; it shall procure a seal and shall receive through its Secretary applications for certificates and examinations. The President and Secretary shall have the authority to administer oaths, and the board to take testimony in all matters relating to its duties.

Sec. 2. License from State Board of Health Required—Applications for License—Examinations—Graduates of Legally Chartered Medical Colleges in Illinois in Good Standing Granted Certificates.—No person shall hereafter begin the practice of medicine, or any of the branches thereof, or midwifery, in this State without first applying for and obtaining a license from the State Board of Health to do so. Application shall be had in writing, and shall be accompanied by the examination fees hereinafter specified, and with proof that the applicant is of good moral character. Applications from candidates who desire to practice medicine and surgery in all their branches shall be accompanied by proof that the applicant is a graduate of a medical college or institution in good standing, as may be determined by the Board. When the application aforesaid has been inspected by the Board and found to comply with the foregoing provisions, the Board shall notify the applicant to appear before it for examination, at the time and place mentioned in such notice.

Examinations may be made in whole or in part in writing by the Board and shall be of a character sufficiently strict to test the qualifications of the candidate as a practitioner. The examination of those who desire to practice medicine and surgery in all their branches shall embrace those general subjects and topics, a knowledge of which is commonly and generally required of candidates for the degree of doctor of medicine, by reputable medical colleges in the United States. The examination of those who desire to practice midwifery shall be of such a character as to determine the qualification of the applicant to practice midwifery. The examination of those who desire to practice any other system or science of treating human ailments who do not use medicines internally or externally, and who do not practice operative surgery shall be of a character sufficiently strict to test their qualifications as practitioners. All examinations provided for in this act shall be conducted under rules and regulations prescribed by the Board, which shall provide for a fair and wholly impartial method of examination: Provided, that graduates of legally chartered medical colleges in Illinois in good standing, as may be determined by the Board, may be granted certificates without examination.

Sec. 2a. The State Board of Health shall be empowered to establish a standard of preliminary education deemed requisite to admission to a medical college in "good standing," and to require satisfactory proof of the enforcement of this standard by medical colleges, provided that the board shall not recognize examinations of applicants for admission to medical colleges, that have been conducted by the faculty or officers of a medical college. The board shall also be empowered to determine the standing of literary or scientific colleges, high schools, seminaries, normal schools, preparatory schools, and the like, and the board may, in its discretion, accept as the equivalent of one or more of the sessions or terms prescribed in its requirements governing medical colleges in "good standing," attendance in literary or scientific college in "good standing," as evidenced by a degree from said institution, providing that the standards of said literary or scientific college are fully equal to those of the State University of Illinois.

Sec. 3. License to Practice—Provisions.—If the applicant successfully passes his examination, or presents a diploma from a legally chartered medical college in Illinois of good standing, the board shall issue to such applicant a license authorizing him to practice medicine, midwifery or other system of treating human ailments, as the case may be: Provided, that those who are authorized to practice other sys-

489

tems can not use medicine internally or externally or perform surgical operations: Provided, further, that only those who are authorized to practice medicine and surgery in all their branches shall call or advertise themselves as physicians or doctors. And provided, further, that those who are authorized to practice midwifery shall not use any drug or medicine or attend other than cases of labor. Such license shall be in such form as may be determined by the board, and in accordance with the provisions of this act: Provided, however, that any wilful violation on the part of an applicant of any of the rules and regulations of the board, governing examinations shall be sufficient cause for the board to refuse to issue a license to such applicant. Such certificates shall be signed by all members of the board and attested by the Secretary.

Sec. 3a. The State Board of Health may, in its discretion, issue a license, without examination on the payment of the proper fees to a physician who is a graduate of a medical college in good standing, and has been licensed in any country, state or territory, in which the requirements of medical registration are deemed by the State Board of Health to have been practically equivalent to the requirements of medical registration in force in Illinois, under the provisions of the act to which this act is an amendment; provided, that such country, state or territory shall accord a like privilege to physicians who hold licenses issued by the Illinois State Board of Health. And the State Board of Health may also, in its discretion, issue a license, without examination, to a physician who is a graduate of a medical college in good standing, and has passed an examination before the United States Army, the United States Navy, or the United States Public Health and Marine Hospital Service.

Sec. 3b. For their services performed in the enforcement of this act and the act to which this act is an amendment, the members of the State Board of Health shall receive a compensation of ten (10) dollars per each day actually spent in attending to the business of the board, provided, that the board may fix a sum to be paid for each examination paper rated, and provided, further, that all such compensation shall be paid from the fees received by the board and no part thereof shall be paid out of the state treasury.

Sec. 4. Certificates to be Recorded in Office of County Clerk—Records of County Clerk.—Every person holding a certificate from the State Board of Health shall have it recorded in the office of the clerk of the county in which he resides or practices within three months from its date, and the date of recording shall be endorsed thereon. Until such certificate is recorded, as herein provided, the holder thereof shall not exercise any of the rights or privileges conferred therein. Any person practicing in another county shall record the certificate in like manner in the county in which he practices, and the holder of the certificate shall pay to the county clerk the usual fee for making the record. The county clerk shall keep, in a book provided for the purpose, a complete list of the certificates recorded by him, with the date of the issue of the certificate. The register of the county clerk shall be open to public inspection during business hours.

Sec. 5. Examination Fees.—The fees for examination and for a certificate shall be as follows: Ten (10) dollars for examination in medicine and surgery, and five (5) dollars for a certificate if issued. Five (5) dollars for an examination in midwifery, and three (3) dollars for a certificate if issued. For all other practitioners ten (10) dollars for an examination and five (5) dollars for a certificate if issued.

Sec. 6. Unprofessional or Dishonorable Conduct—Board May Withhold or Revoke Certificates—Hearing.—The State Board of Health may refuse to issue the certificates provided for in this act to individuals who have been convicted of the practice of criminal abortion, or who have by false or fraudulent representation, obtained or sought to obtain practice in their profession, or by false or fraudulent representation of their profession have obtained or sought to obtain money or any other thing of value, or who advertise under names other than their own, or for any other unprofessional or dishonorable conduct, and the board may revoke such certificates for like causes. Provided, that no certificates shall be revoked or refused until the holder or applicant shall be given a hearing before the board.

Sec. 7. Definition of this Act.—Any person shall be regarded as practicing medicine, within the meaning of this act, who shall treat or profess to treat, operate on or prescribe for any physical ailment or any physical injury to or deformity of another: Provided that nothing in this section shall be construed to apply to the administration of domestic or family remedies in cases of emergency, or to the laws regulating the practice of dentistry or of pharmacy. And this act shall not apply to surgeons of the United States army, navy or marine hospital service in the discharge of their official duties, or to any person who administers to or treats the sick or suffering by mental or spiritual means, without the use of any drug or material remedy.

Sec. 8. Itinerant Venders—License—Penalties.—That any itinerant vender of any drug, nostrum, ointment or appliance of any kind intended for the treatment of diseases or injury, who shall, by writing or printing, or any other method, profess to the public to cure or treat disease or deformity by any drug, nostrum or application, shall pay a license of one hundred (100) dollars per month into the treasury of the board, to be collected by the board in the name of the people of the State of Illinois, for the use of said Board. And it shall be lawful for the State Board of Health to issue such license on application made to said board, said license to be signed by the president of the board and attested by the secretary with the seal of the board; but said board may for sufficient cause, refuse said license. And such itinerant vender who shall, by writing or printing, or any other method, profess to cure or treat disease or deformity by any drug, nostrum or appliance without a license so to do, shall be deemed guilty of a violation of this section, and upon conviction shall be subject to the penalties hereinafter provided.

Sec. 9. Penalty for Practicing Without License.—Any person practicing medicine or surgery or treating human ailments in the state without a certificate issued by this board in compliance with the provisions of this act, or any itinerant vender

Home Treatment for Tobacco and Neurasthenia. (SEE PAGE 5.)

violating the provisions of section 8 of this act, shall for each and every instance of such practice or violation forfeit and pay to the people of the State of Illinois, for the use of the said Board of Health, the sum of one hundred (100) dollars for the first offense, and two hundred (200) dollars for each subsequent offense, the same to be recovered in an action of debt before any court of competent jurisdiction, and any person filing or attempting to file as his own, the diploma or certificate of another, or a forged affidavit of identification, shall be guilty of a felony, and upon conviction shall be subject to such fine and imprisonment as are made and provided by the statutes of the state for a crime of forgery: Provided, that this section shall not apply to physicians who hold unrevoked certificates from the State Board of Health issued prior to the time of the taking effect of this act.

Sec. 10. Enforcing Penalties—Appeals.—Upon conviction of either of the offenses mentioned in this act the court shall, as a part of the judgment, order that the defendant be committed to the common jail of the county until the fine and costs are paid, and upon failure to pay the same immediately the defendant shall be committed under said order for first offense not more than thirty (30) days, and for each subsequent offense not more than ninety (90) days: Provided, that either party may appeal in the same time and manner as appeals may be taken in other cases, except that where an appeal is prayed in behalf of the people, no appeal bond shall be required to be filed, whether the appeal be from the justice of the peace or from the county or circuit courts, or from the appellate court. But it shall be sufficient in behalf of the people of the State of Illinois, for the use of the State Board of Health, to pray an appeal, and thereupon appeal may be had without bond or security.

Sec. 11. Board to Make Report of Proceedings and Pay All Funds into the State Treasury on September 30th of Each Year.—On the 30th day of September of each year the State Board of Health shall make report of its proceedings, showing all items of receipts from all sources and disbursements for all purposes, and all funds in the treasury on said date which have been received in the enforcement of this act shall be paid into the State Treasury.

Sec. 12.—Repeal.—An act to regulate the practice of medicine in the State of Illinois, approved June 17, 1887, in force July 1, 1887, and all other acts and parts of acts inconsistent with this act are hereby repealed.

WE FURNISH

LISTS OF NAMES

UP-TO-DATE ANY BUSINESS---ANY LOCALITY ACCURATE

We can also print your envelopes and advertising matter, address your envelopes or wrappers, fold, enclose and mail your circulars.

We publish over 250 City, County, State and National Directories; therefore have unexcelled facilities for furnishing lists or addressing envelopes to any trades and professions that are not covered by our National Trade Directories.

AS DIRECTORY PUBLISHERS

we have available the manuscript matter that we intend utilizing in directories being compiled and therefore can **ADDRESS YOUR ENVELOPES FROM UP-TO-DATE INFORMATION BEFORE IT APPEARS IN TYPE** and consequently **BEFORE IT IS IN THE HANDS OF FIRMS WHOSE BUSINESS IS SOLELY FURNISHING LISTS OF NAMES**. It costs us more to compile lists from our advance manuscript Directory information, but for every extra dollar you pay for lists in advance of publication **YOU SAVE TEN DOLLARS IN POSTAGE**.

GLYCERO-MEDICATED-PLASTER

The Greatest Hygroscopic known is the
New Twentieth Century Anti-phlogistic and Hygroscopic,
possessing a definite therapeutical action.
"G-M-P" does not dry out or crumble.

Glycero-Medicated-Plaster contains approximately 55% more C. P. Glycerine than like preparations, therefore making it that much greater hygroscopic, and with the addition of the essential oils as enumerated in our Treatise, gives this product an advantage over others of being a stimulant to the vaso-motor, lymphatic and circulatory systems as well as being decidedly antiseptic and anodyne in action.

Other specialties: GLYCERO-PAPO-PEPSIN (digestive and gastric sedative), Elix. GLYCERO-LACTATED-PEPSIN (vehicle), GLYCERO-FERRI et Mangani (tonic), GLYCERO-CATHARTINE (cathartic).

Samples and literature sent on application.

Kenilworth Sanitarium

KENILWORTH, ILLINOIS

Telephones: Kenilworth, 78; Evanston, 778

The Kenilworth Sanitarium, constructed and equipped to supply the demand for a **first-class neuropathic and psychopathic hospital, easily accessible to the residents of Chicago and vicinity**, is situated about half a mile due west of the Kenilworth station [C. & N. W. Ry.], **six miles north of Chicago**, from which, in addition to steam and trolley cars, it may be reached at all seasons of the year by good carriage road.

The grounds consist of ten acres lying nearly one and one half miles from the shore of Lake Michigan and the distance from car lines and other sources of noise is such as to insure practically complete rural quietude.

The accommodations for patients consist of six independent groups of from six to seven large bedrooms, some of which are so constructed as to be impervious to noise, a spacious sitting-room and corridor and two bath-rooms, one of which in each group is planned to be used en suite when desired. Each room is provided with an independent system of ventilation, which is thoroughly effective under all conditions.

Four separate pavilions have been built with concrete floors and concrete walks leading to them, so that patients may have full benefit of outdoor air treatment.

There is an electric passenger elevator, electric lighting, and a complete system of telephones.

The warming is by steam, both direct and indirect radiation having been provided to each sleeping and sitting room.

An abundance of pure water is supplied from a bored well, 148 feet deep, on the premises.

There are twelve bath-rooms for the use of patients, six of which may be used en suite. They all have the most modern plumbing, ceramic tile floors, and porcelain and enameled fixtures. Both floors and finish are of hardwood throughout the building, and the appointments are all first class.

DR. SANGER BROWN,

PHYSICIAN IN CHARGE.

Telephone Central 3707

Chicago Office, 100 State Street

A RARE BARGAIN

GARLAND SURGICAL OPERATING TABLE

We can say without fear of successful contradiction, that we offer the finest practical Surgical and Gynæcological Table now or ever offered the medical and surgical profession. It is of superior construction and finish, with a maximum of adaptability, simplicity and convenience of manipulation, a characteristic we always have in view, as being of greatest consideration to the operator in the satisfactory treatment of his patients.

ESTABLISHED 1844

INCORPORATED 1904

(GENITO-URINARY POSITION)

The illustration represents but one of the many radical positions, which can be multiplied by various combinations of the several adjustments. It is clearly ahead of all others except in high price. Combining in a surgical and gynæcological table, and adjustable top with adjustable leaves and arm-rest, a cabinet of drawers opening to either side, a cup-board with glass shelves, swinging glass shelves with glass trays, all finished inside with white enamel, and outside in highest piano polish finish.

DIMENSIONS.

Length, 5 feet 6 inches; width, 22 inches; height, 34 inches. Weight packed for shipment, about 200 pounds.

PRICES.

Best Golden Oak Polished Finish, quartered oak, full cabinet four drawers, three glass trays, nickel-plated trimmings, leather top cushions and pillow, with leg and arm-rests. List price, \$80.00. Our price.....\$50.00

Our 750 page illustrated Surgical Instrument Catalogue sent FREE per EXPRESS PREPAID upon receipt of your request.

Illinois

ESTABLISHED IN 1884

NEW WEST HOUSE
ATTRACTIVE ROOMS, SINGLE OR EN SUITE,
WITH OR WITHOUT PRIVATE BATH.

NEW ANNEX
(FIRE PROOF)
PSYCHOPATHIC HOSPITAL, MOST RECENT
APPLIANCES, CONTINUOUS BATHS
SEPARATE GROUNDS.

THE MILWAUKEE SANITARIUM

FOR NERVOUS AND MENTAL DISEASES

Situated in the beautiful suburb, WAUWATOSA, WISCONSIN. The new buildings and other improvements recently made, together with the well known facilities previously in use, provide an equipment of great completeness.

An especial merit is the wide separation of the FIVE different houses, giving individualized treatment and environment to all.

Ideally beautiful grounds (22 acres) "set on a hill." Modern bath house. All approved uses of water, electricity, heat, light, etc.

The Sanitarium is secluded yet convenient of access. On C., M. & St. P. R'y, 2 1/2 hours from Chicago; 15 minutes from Milwaukee. Two lines street cars, 5 minutes walk from all cars.

—Address—

CHICAGO OFFICE, Venetian Bldg.
34 Washington St., Wednesdays.
Hours 2 to 4 (except July and August.)
Telephone, long distance, Milwaukee exchange, Wauwatosa 15.

DR. RICHARD DEWEY,
Medical Superintendent,

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

The Pennoyer Sanitarium

Established 1857 KENOSHA, WIS.

On the Northwestern Railroad, On the Shore of
an hour's ride from Chicago Lake Michigan

A private institution for the scientific treatment of
chronic diseases—a place to rest or convalesce.

Combines in most perfect form the quiet and
isolation of country life, with the luxuries of high-
class hotels, and the safety of the best medical skill
and nursing.

C

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the post-office name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

HAHNEMANN MEDICAL COLLEGE AND HOSPITAL OF CHICAGO

BUILDINGS { The College Building on Cottage Grove Ave. Hospital Building on Groveland Ave.
The College Library Building on Cottage Grove Ave. Hospital Annex on Groveland Ave.

LABORATORIES AND LABORATORY COURSES

Chemical Laboratory

Seven different courses running throughout First and Second years.

Histology and Embryology

Course runs throughout the First year.

Anatomical Laboratory

Human and animal dissection with demonstrations throughout the First and Second years.

Laboratory of Pathology and Bacteriology

General and Practical Pathology and Bacteriology during the Second year.

Gross Pathology and Post Mortems during the Third year.

Clinical Pathology and Diagnosis during the Fourth year.

Clinics.

Medicine—Eleven or more hours per week.

Gynecology—Four or more hours per week.

Skin and Venereal Diseases—Four or more hours per week.

Electro Therapeutics—Six hours per week.

Pediatrics—Four or more hours per week.

Eye and Ear—Four or more hours per week.

Nose and Throat—Five or more hours per week.

Surgery—Eleven hours per week.

College Year.

Eight months, beginning about October 1st and ending in May.

HOMOEOPATHIC PHYSICIANS ARE IN DEMAND.

Don't STAMMER

are endorsed by hundreds of ex-pupils, prominent physicians and leading business men. Book "Advice to Stammerers" and reference sent on request. Address The BENJ. N. BOGUE INSTITUTE FOR STAMMERERS-1414 N. Illinois, Indianapolis, Ind.

I cured myself after stammering badly for nearly twenty years. I now employ the same methods to cure others. As "like cures like," what worked a cure with me will likewise permanently cure others. Graduates are found in every state, territory and some foreign countries. Students are accommodated in a home-like dormitory. Methods

LOGAN HARRY L, B S, M D (R), St Louis Univ School of Med, St Louis, Mo, 1905; Surg C & E I R R Co; Mem

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

INDIANA.

CAPITAL, INDIANAPOLIS.

Population of State, 2,710,898.

(U. S. Census Bureau, 1906.)

Number of Physicians, 5,226.

Indiana was organized as a territory on July 4, 1800, and admitted as a state December 11, 1816. The population of the state, according to the United States census of 1900, was 2,516,462, as compared with a population in 1890 of 2,192,404, showing an increase during the ten years of 324,058, or 14.8 per cent. The following table shows the increase in population since 1850:

1850.....	988,416	1880.....	1,978,301
1860.....	1,350,428	1890.....	2,192,404
1870.....	1,680,637	1900.....	2,516,462

The total land surface is, approximately, 35,910 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 61.1; 1900, 70.1. It is

bounded on the north by Lake Michigan and the state of Michigan, on the east by Ohio, on the west by Illinois, and on the south by Kentucky, from which it is separated by the Ohio river.

It extends from 37 degrees 51 minutes to 41 degrees 46 minutes north latitude and from 85 degrees 48 minutes to 88 degrees 1 minute west longitude. It occupies one of the most fertile portions of the great Mississippi valley. About two-thirds of the state is level, or but slightly undulating, and the remainder, though broken and rolling, is not really mountainous. Is watered by several large rivers and numerous small streams. The soil is generally productive, while the bottom lands of the streams are very rich and deep. Corn, wheat, oats, pork, beef, flax, hemp, fruit, sorghum, hops, etc., are extensively exported. Live stock and dairying are important industries. The western section of the state embraces an area of 7,800 square miles of coal fields, an offshoot of

Indiana

the great Illinois carboniferous region. Iron, gypsum, copper, building stone, slate, various clays, coal, sand, petroleum and natural gas are among the other mineral products. The climate is salubrious and is somewhat milder than is experienced in the same latitudes on the Atlantic coast. The winters are cold, but not of long duration, and the summers are often very hot. The mean annual temperature as observed at Indianapolis is 51 degrees, that of the summer 72.64 degrees, and of the winter 28.71 degrees. The average rainfall is about 43 inches. The state is notable for its educational advantages.

For list of Medical Colleges, see page 152.

INDIANA MEDICAL LAW OF 1897, WITH AMENDMENTS OF 1899, 1901, 1905, AND 1909.

AN ACT regulating the practice of medicine, surgery and obstetrics, providing for the issuing of licenses to practice, providing for the appointment of a State Board of Medical Registration and Examination and defining their duties, defining certain misdemeanors and providing penalties, and repealing all laws in conflict therewith and certain acts therein specified.

(H. 226. Approved March 8, 1897.) (Act 1897, p. 255.)

Section 1. Be it enacted by the General Assembly of the State of Indiana, That it shall hereafter be unlawful for any person to practice medicine, surgery or obstetrics in this State without first obtaining a license so to do, as hereinafter provided.

Sec. 2. After this law goes into effect, any person desiring to begin the practice of medicine, surgery or obstetrics in this State, shall procure from the State Board of Medical Registration and Examination a certificate that such person is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana; and in order to procure such certificate the applicant shall submit to the State Board of Medical Registration and Examination his diploma, with an affidavit setting forth the time and number of terms, duration of each term, applicant was required to be in attendance at said school in order to complete said course of study, and that the affiant is the person to whom such diploma was issued. Such application shall be accompanied by the affidavit of two freeholders resident in the same county in which the applicant resides, stating that the applicant is the person named in the accompanying diploma and application for a certificate. All diplomas received by the Board shall be returned to the person owning the same, and for failure to return any diploma to its lawful owner within a reasonable time the secretary of said Board shall be liable on his bond for damages in the sum of twenty-five dollars (\$25). Such applicant shall pay to said Board the sum of ten dollars (\$10) at the time of making such application. All persons who were practicing medicine, surgery and obstetrics in the State of Indiana on March 8, 1897, and have not complied with the provisions of the law, and desiring to continue the same, shall, on or before July 11, 1899, obtain a certificate that they are entitled to do so by presenting to the State Board of Medical Registration and Examination the license possessed by them at the time of the passage of this law, together with an affidavit that they are the legal possessors of the same, and the persons mentioned therein and such applicant shall pay to the Board the sum of one dollar (\$1) at the time of making such application. The Board shall thereupon issue to such applicant a certificate, which, when presented to the County Clerk of the proper county, shall entitle the holder to a license to practice medicine, surgery and obstetrics in the State of Indiana. In the event an applicant for a certificate from the State Board of Medical Registration and Examination shall present a diploma from a medical college which is not recognized as maintaining a sufficiently high grade or standard of medical education as defined and fixed in the records of the Board, the applicant shall have the privilege of being examined as to his qualifications to practice medicine, surgery and obstetrics in such manner as the Board shall provide, and if he shall pass an examination satisfactory to the Board he shall receive a certificate, the same as if he had presented a satisfactory diploma and other evidences and qualifications for the practice of medicine. But if he should fail to pass such examination he shall be permitted to submit to another examination within twelve months from the time of the first examination. He shall pay to the State Board of Medical Registration and Examination the sum of twenty-five dollars (\$25): Provided, however, That payment of said sum of twenty-five dollars (\$25) shall entitle him to a re-examination in case of failure at the first or any subsequent examination: And provided further, That if such applicant shall fail to pass the examination prescribed by such Board of Medical Registration and Examination, he shall have the right to an appeal to the Circuit or Superior Court of the proper county, requiring such Board to show cause why such applicant should not be permitted to practice medicine, surgery or obstetrics in the State of Indiana, upon the applicant giving a good and satisfactory bond to be approved by the court, to secure all costs of suit should the appeal be determined against him. Upon the receipt of the certificate by the applicant from the State Board of Medical Registration and Examination, the applicant shall, upon the presentation thereof to the Clerk of the county in which he resides, receive from the County Clerk a license to practice medicine, surgery and obstetrics within the State of Indiana. The person receiving such license shall pay to the County Clerk fifty cents (\$0.50) as his fee for issuing and recording such license as hereinafter provided. In case of change of residence from one county to another within this State, the holder of a physician's license shall obtain a new license in the county where he proposes to reside, by filing with the County Clerk the license obtained by him in the county in which he last resided, in the same manner as provided for on the presentation of his certificate from the State Board of Medical Registration and

Examination, and the Clerk shall issue him a new license. (As amended March 3, 1899, Acts 1899, p. 247.)

Sec. 3. It shall be the duty of the Clerk of the county in which an applicant resides to issue to the person presenting such certificate, as hereinbefore provided for, a license under his official seal in the following form:

State of Indiana, County of....., ss.:

I,, Clerk of the Circuit Court of..... County, in the State of Indiana, do hereby certify that.....has complied with the laws of the State of Indiana relating to the practice of medicine, surgery and obstetrics in the county and State aforesaid.

Witness my hand and seal of said Court this.....day of.....19...
.....Clerk.

The County Clerk shall enter of record the name, age, place of birth, address, school or system of medicine to which said applicant belongs, and the person so registering shall subscribe to and verify by oath before such Clerk an affidavit concerning such facts, which, if wilfully false, shall subject the affiant to conviction for perjury. The County Clerk shall furnish annually, on the first day of January, to the State Board of Medical Registration and Examination, upon blanks furnished by said Board, a duplicate list of all certificates received and licenses issued by him during the preceding year, and shall include therein the date of issue of said license, and the name, age and residence of the person receiving the same.

Sec. 4. Within thirty days after this law goes into effect, it shall be the duty of the Governor of the State of Indiana to appoint a State Board of Medical Registration and Examination, composed of five (5) members, who shall serve, two for one year, one for two years, one for three years and one for four years; and their successors for a term of four years each. No school or system of medicine shall have a majority representation on such Board. Said Board shall be non-partisan, and not more than three shall be members of any one political party. The Governor shall select members of said Board of Medical Registration and Examination from reputable physicians in this State who are graduates of any college of medicine of good repute: Provided, That no professor or teacher in a medical college shall be appointed as a member of such Board: Provided, further, That each of the four schools or systems of medicine having the largest numerical representation in the State shall have at least one representative on said Board. Should a vacancy occur in said Board by death, resignation, removal, or otherwise, then it shall be the duty of the Governor to fill the vacancy from the school or system entitled to representation by virtue of such vacancy. The Governor shall have power to remove any member of said Board for incompetency, gross immorality, for any abuse of his official power, or for other good cause, and may fill any vacancy thus occasioned by appointment. Any person appointed to fill any vacancy on such Board, whether occasioned by death, resignation, removal or otherwise, shall hold for the unexpired term of the member whose place he is appointed to fill.

Sec. 5. It shall be the duty of the members of the State Board of Medical Registration and Examination to meet in the city of Indianapolis within thirty days after their appointment, and organize by the election of a President, Secretary and Treasurer, who shall serve until the second Tuesday in January following, and their successors shall be elected on the second Tuesday in January annually thereafter. The said Board shall hold regular meetings on the second Tuesday in January and July of each year, and as often in addition as may be necessary for the transaction of such business as may properly come before it under the provisions of this act, and shall have power to make all necessary rules and regulations for the transaction of its business.

For their services the members shall receive the sum of six dollars (\$6) per day, and their traveling expenses necessarily incurred in the attendance upon the business of said Board. It shall be the duty of the Secretary of said Board to keep a record of all applications for certificates, and such record shall contain all the facts set forth in such application, including the action of the Board thereon, and shall execute all orders of said Board, and the Secretary shall have for such service the sum of two hundred and fifty dollars (\$250) per annum, to be paid from the funds of said Board, and said Board may employ a clerk, and fix his salary at not more than five hundred dollars (\$500) per annum.

It shall be the duty of the Treasurer of said Board to pay quarterly all moneys received by the Board to the Treasurer of State, which moneys shall be credited to a separate and permanent fund for medical registration and examination, which is hereby created. All moneys so paid to the Treasurer of State shall remain and be a separate and permanent fund for the maintenance of the said Board of Registration and Examination. The said Board shall, by its President and Secretary, from time to time, certify to the Auditor of State the necessary expenses incurred by the said Board, including salaries and per diem of the members, and the Auditor shall issue his warrant for the same, which shall be paid out of the fund so established for the maintenance of the said Board: Provided, That no order shall be drawn by any State official on any fund other than the above named fund for any salaries of the Board incident to the administration of this act.

The Treasurer and Secretary of said Board shall each give bond in the sum of five thousand dollars (\$5,000), with sureties to be approved by the Governor, which bonds shall be filed with the Auditor of State. The members of the State Board of Medical Registration and Examination are authorized to administer oaths in matters relating to the discharge of their official duties. The State Board of Medical Registration and Examination is charged with the duty of enforcing this act, and it shall be the duty of the Prosecuting Attorney, upon the complaint of the Board, to prosecute any violation of this act.

It shall also be the duty of the grand jury of the proper county to investigate all violations of this act and return indictments therefor in proper cases, and it shall be the duty of the Prosecuting Attorney to prosecute violations of this act by informa-

tion whenever a proper affidavit is filed by any one, as in other cases of violations of the law; or to prosecute offenders before the Justice of the Peace in proper cases.

The State Board of Medical Registration and Examination shall, from time to time, establish and record in a record, kept by them for that purpose, a schedule of the minimum requirements which must be complied with by applicants for examination for license to practice medicine, surgery and obstetrics, before they shall be entitled to receive such license. The said Board shall also, in like manner, establish and cause to be recorded in such record a schedule of the minimum requirements and rules for the recognition of medical colleges, so as to keep these requirements up to the average standard of medical education in other States. After the year 1897 no change shall be made in such schedules of requirements in any year after the month of January of such year, nor shall any change be made to have any retroactive effect, or that shall affect students theretofore matriculated. Such record shall be at all times open to examination by the public, and the said schedules of requirements, after they have been established and recorded, and all changes made therein, shall be printed in circular form, and mailed to all medical colleges in the State, and shall also be furnished to any person upon application. Said Board shall not, in the establishment of the aforesaid schedule of requirements, discriminate for or against any school or system of medicine, nor shall it prescribe what system or systems or schools of medicine shall be taught in any of the colleges, universities or other educational institutions of the State.

It shall have power to make and establish all necessary rules and regulations for the reciprocal recognition of certificates issued by other States, and to prevent unjust and arbitrary exclusions by other States of graduates in medicine from this State who have fulfilled its requirements. When an application for a certificate is made, and a diploma submitted, as herein provided, it shall be the duty of the State Board of Medical Registration and Examination to determine, upon the evidence presented, whether such diploma rightfully belongs to and was issued to the person making application for a certificate, and whether the medical college that issued the diploma maintains a standard of medical education conforming to that fixed by the State Board of Medical Registration and Examination, and whether the application otherwise complies with the rules of the Board.

If these facts are shown by competent evidence, it shall be the duty of the State Board of Medical Registration and Examination to issue a certificate, signed by its President and Secretary, and under its official seal, stating that the person applying for such certificate and possessing such diploma is entitled to a license to practice medicine, surgery and obstetrics in the State of Indiana: Provided, Said application shall be filed prior to January 1, 1905: And provided, further, Said applicant shall have, prior to January 1, 1901, matriculated in a reputable medical college in Indiana, maintaining a standard of medical education conforming to that fixed by said Board, and shall have graduated from said college and received his diploma therefrom, prior to January 1, 1905. Except, as last above provided, no certificate shall be issued to any person whomsoever until he shall have satisfied the said Board that he has graduated at a reputable medical college in this section set forth, maintaining a standard of medical education as above prescribed, and shall have passed before said Board a satisfactory examination as to his qualifications to practice medicine, surgery and obstetrics. Such examination shall be had upon payment of the same fees and upon the same terms and conditions as are provided in Section 1 of said act, approved March 8, 1897, but the applicant shall have the right to designate, in writing, at the time he files his application, the member of the Board who shall conduct his first examination in materia medica, therapeutics, theory and practice of medicine, surgery, obstetrics and gynecology.

The Board at its discretion may authorize the Secretary to issue a temporary permit to an applicant for the interim from date of application until the next regular meeting of the Board. The State Board of Medical Registration and Examination shall have the right to review the evidence upon which a license has been obtained, and if it shall be found that a license has been obtained by fraud or misrepresentation, the Board may revoke such license. The Board [may] refuse to grant a certificate to any person guilty of felony or gross immorality, or addicted to the use of liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery.

If any person holding a license under the provisions of this act shall be guilty of any of the above enumerated acts or shall have procured a certificate or license by fraud or misrepresentation, said Board may, after notice and hearing, revoke any license which has heretofore been or may hereafter be issued to him, together with the certificate upon which such license has been or may be issued.

A specific written charge, verified by affidavit, must be presented to the Board, making definite and specific charges of such facts against the holder of such license. The Board shall thereupon fix a time and place for the hearing of such charges, at which the person charged may appear and defend against the same. A copy of such charges, together with a notice of the time and place fixed for the hearing, shall be served upon the person so charged at least twenty (20) days before the time set for the hearing of the same. If, after such hearing, the Board revokes such certificate and license, such order shall be by said Board entered upon its record. A copy of such order of revocation, certified by the Secretary of such Board, shall be by it at once delivered to the Clerk of the Circuit Court of the county in which such license was issued, and such Clerk shall record the same upon the margin of the record of such license. If the Board shall refuse to grant a certificate for any of the reasons above stated, it shall enter such refusal upon its record, together with a statement of the grounds for such refusal. An appeal may be taken from the action of the Board to the Circuit or Superior Court of the county in which such license was issued in case of revocation, and to the county where the applicant lives in case of refusal of a certificate, upon the licensee or applicant filing with the Clerk of such court, within thirty days from the entering of such order of revocation or refusal by said Board, a good and sufficient bond in the sum of two hundred dollars.

(\$200), to be approved by said Clerk, to secure the payment of costs of such appeal, should the appeal be determined against him. It shall thereupon be the duty of such Clerk to notify the said Board of the filing of such bond, and said Board shall thereupon forward to said Clerk the charges, together with a copy of the order of revocation, where there has been a revocation, or the application for a certificate and a copy of the order of refusal where there has been a refusal to grant a certificate. The Clerk of said court shall thereupon docket the same as a cause pending in said court. Said verified charges shall be treated as a complaint. The accused may plead to said charges and issues may be formed thereon as in any civil case, and the same shall thereupon be tried by the Judge of the Circuit Court. It shall be the duty of the Prosecuting Attorney of the circuit to which said county belongs to appear in such case and represent the Board. The only finding and judgment in such cases shall be "Guilty" or "Not guilty," the same to be rendered separately as to each of the charges. If the finding and judgment of the court be "Not guilty" as to each of said charges, the same shall be by the Clerk of said court certified to said Board, and it shall thereupon make an order setting aside its order of revocation, and forward to the Clerk of said court a certified copy thereof, which shall be entered upon the margin of the record of said license. If judgment of "Guilty" of any of said charges be awarded in said case, the costs of such proceedings shall be recovered of the accused and a fee of ten dollars (\$10) shall be taxed therein in favor of the Prosecuting Attorney, and the order of revocation made by said Board shall be and remain in effect. During the pendency of such appeal the accused shall not be entitled to practice by virtue of such license. Where the appeal is from a refusal to grant a certificate, the same shall be heard upon the application and certified copy of the order of refusal without any other issues; the same to be tried by the Judge of said court, who shall, upon his finding, enter a judgment that the license shall or shall not be issued as the facts may require, and upon such order the Clerk of such court shall issue the proper license showing therein the authority by which it is issued, and shall report the same to the State Board. The Prosecuting Attorney shall represent the Board in such appeal, and if the court shall refuse the license, judgment shall be entered against the applicant for costs, including ten dollars (\$10) fee for the Prosecuting Attorney. Appeals from the judgment of said court may be prosecuted to the Supreme Court as in other civil cases, either by said Board in its own name or by the applicant or holder of such license or certificate, where the judgment may be against him. No fees other than the fees of its own witnesses shall be taxed against said Board in any event. Where the applicant shall appeal from a refusal to grant a certificate, the cause shall be docketed in the name of the applicant against the State Board of Medical Registration and Examination. Where the license or certificate shall have been revoked, the cause shall be entitled The State Board of Medical Registration and Examination against A B (the holder of the license). (As amended March 11, 1901.)

This section has been twice construed by the Supreme Court.

State v. Webster, 150 Ind. 607;

In re Application of Eliza E. Coffin, 152 Ind. 439.

Sec. 6. All persons practicing midwifery in this State, and who have practiced it for ten years last preceding March 8, 1897, and desiring to continue the same, shall on or before July 11, 1899, make application to the State Board of Medical Registration and Examination by submitting an affidavit, fully attested, giving the name, age, residence, the length of time during which, and the place or places at which the applicant has been engaged in such practice, and the special education, if any, which the applicant has received for such practice. Such application shall be accompanied by the affidavits of two freeholders, duly attested, that the applicant is known to them as the person applying for a certificate to practice midwifery, and that such applicant has been engaged in the active practice of midwifery, giving the location or locations of such practice for the last ten (10) years previous to the passage of this act. Upon such application and the payment of one dollar (\$1) the State Board of Medical Registration and Examination shall issue to the applicant a certificate which shall, when presented to the County Clerk, entitle the holder to a license to practice midwifery in this State. All persons desiring to enter upon the practice of midwifery in this State after this law goes into effect shall present to the State Board of Medical Registration and Examination their diplomas, duly attested, and procured from an obstetrical school of such standing as shall be recognized and determined by the Board. Such applicant shall pay to said Board the sum of five dollars (\$5) at the time of making such application; or such applicant shall submit to an examination in midwifery as the Board shall require, and pay a fee of ten dollars (\$10). Such evidence of qualification being satisfactory to the Board it shall issue a certificate entitling the holder to a license from the Clerk of the county in which the applicant resides, which license shall entitle the holder to practice midwifery in this State. This license thus issued shall conform to all requirements of registration imposed upon physicians' licenses in Section two of this act and shall be subject to revocation for the same cause as provided in Section five in case of license to physicians. (As amended March 3, 1899, Acts 1899, p. 252.)

Sec. 7. Nothing in this act shall be (so) construed as to discriminate against any school or system of medicine, or to prohibit gratuitous services in cases of emergency, or to the administration of family remedies. This act shall not apply to any commissioned officer of the United States Army, Navy or Marine Hospital service in the discharge of his official duties; nor to any physician or surgeon who is legally qualified to practice in the State or Territory in which he resides, when in actual consultation with a legal practitioner of this State; nor to any physician or surgeon residing on the border of a neighboring State and duly authorized to practice under the laws thereof, whose practice extends to the limits of this State: Provided, That such practitioner shall not open an office or appoint a place to meet patients or receive calls within the limits of this State. This act shall not be construed to prevent medical students from practicing medicine and surgery under the immediate and direct supervision of a licensed physician for a limited period of two years: Provided, however, That the said student had not practiced medicine, surgery or obstetrics prior to the passage of this act; in the event the amount of time said student has practiced medicine, surgery or obstetrics shall be deducted from the said two years herein mentioned; and in no event shall the said student open an office or offer to engage in the practice of medicine, surgery or obstetrics. Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall subject the offender to a fine of not less than twenty-five dol-

lars (\$25) nor more than two hundred dollars (\$200). (As amended March 3, 1899, Acts 1899, p. 253.)

Sec. 8. To open an office for such purpose or to announce to the public in any way, a readiness to practice medicine in any county of the State or to prescribe for, or to give surgical assistance to, or to heal, cure or relieve, or to attempt to heal, cure or relieve those suffering from injury or deformity, or disease of mind or body, or to advertise, or to announce to the public in any manner a readiness or ability to heal, cure or relieve, those who may be suffering from injury or deformity, or disease of mind or body, shall be to engage in the practice of medicine within the meaning of this act: Provided, That nothing in this act shall be construed to apply to or limit in any manner the manufacture or sale of proprietary medicines. It shall also be regarded as practicing medicine within the meaning of this act, if any one shall use in connection with his or her name the words or letters "Dr.," "Doctor," "Professor," "M. D.," or "Healer," or any other title, word, letter or designation intending to imply or designate him or her as a practitioner of medicine or surgery in any of its branches: Provided, That this act shall not be construed to apply to non-itinerant opticians who are at this time engaged in, or who may hereafter engage in the practice of optometry in this State, nor to professional or other nurses. In charging any person in an affidavit, information or indictment with a violation of this law by practicing medicine, surgery or obstetrics without license, it shall be sufficient to charge that he did, upon a certain day and in a certain county, engage in the practice of medicine, he not having any license to so do, without averring any further or more particular facts concerning the same. (As amended March 11, 1901.)

Sec. 9. Any person who shall practice medicine, surgery or obstetrics in this State without having a license duly issued as hereinbefore provided, shall be deemed guilty of a misdemeanor, and on conviction thereof shall be fined not less than twenty-five dollars (\$25) nor more than two hundred dollars (\$200).

Sec. 10. All laws and parts of laws in conflict with this act are hereby repealed, and also an act entitled "An act regulating the practice of medicine, surgery and obstetrics, providing for the issuing of license to practice, defining certain misdemeanors and providing penalties," approved April 11, 1885, and all amendments thereto be and the same are hereby repealed.

Additional Sec. 3. Three thousand (3,000) copies of the annual report of the Board to the Governor shall be printed in the same manner as the report of the State Board of Health; and the printing and stationery of the Board shall be paid out of the printing fund. (Added in 1899 and amended, March 11, 1901.)

Additional Sec. 4. The said Board may grant limited certificates which shall authorize the proper Clerk to issue to the holder thereof a license to practice osteopathy only. Such certificate shall be issued on the same terms and conditions as others, except that the applicant therefor shall not be required to pass an examination in materia medica, nor shall the college from which he presents a diploma be required to conform to the standard fixed by said Board as to instructions in materia medica, but such college shall so conform in all other branches of instruction. Such license shall not authorize the holder thereof to administer or prescribe or use on one other than himself any drugs or medicines, and any such administration, prescription or use of any drug or medicine by the person holding such limited license shall be practicing medicine without a license, and such person shall be punished therefor as others are punished for practicing medicine without a license: Provided further, That any person now holding a diploma issued from any college of osteopathy in the United States, and [who] is [now] a resident of the State of Indiana, shall be granted a certificate and license to practice osteopathy upon presenting his diploma to said Board and Clerk and paying the fee required by this act.

OSTEOPATHIC AMENDMENT.

(Sec. 136. Approved March 4, 1905.)

STATE BOARD MEDICAL REGISTRATION—ADDITIONAL MEMBER.

Section 1. Be it enacted by the General Assembly of the State of Indiana. That within sixty days after this law goes into effect it shall be the duty of the Governor to appoint an additional member of the State Board of Medical Registration and Examination, which Board shall thereafter consist of six members, each of whom shall serve as heretofore for a term of office of four years, and until his successor shall have been appointed and qualified. The additional member so appointed shall be a reputable practicing physician and a graduate of a reputable school or college of the system by which he practices, and shall belong to some school or system of practice other than those which are now represented upon said Board, and his successor shall in the future always be of some school different from that of the remaining members of the Board: Provided, That any osteopathist now practicing in and a resident of the State of Indiana, and holding a diploma from a reputable college of osteopathy, as determined by the State Board of Medical Registration and Examination, shall be eligible to an examination on proper application to the said Board, and should he pass this examination, that he shall be granted a certificate for a license forthwith to practice osteopathy in the State of Indiana.

AN ACT entitled "An act to authorize the State Board of Medical Registration and Examination to restore a licensed physician to his former rights under his license, where his or her license has been revoked by the board."

[S. 38. Approved February 27, 1909.]

Section 1. Be it enacted by the General Assembly of the State of Indiana, That in all cases heretofore or hereafter where the State Board of (Medical) Registration and Examination has revoked the license of a physician or surgeon for any of the causes mentioned in section five of an act regulating the practice of medicine, surgery and obstetrics, providing for the issuance of licenses to practice, providing for the appointment of a State Board of Medical Registration and Examination, and defining their duties, defining certain misdemeanors and providing penalties and repealing all laws in conflict therewith, and certain acts therein specified, approved March 8, 1897, Acts of 1897, page 255, such State Board of Medical Registration and Examination upon a satisfactory showing by such physician or surgeon whose license has been revoked, shall have the power to restore such physician to his rights under his former license and permit him to practice medicine, surgery and obstetrics, as though said license had not been revoked.

Sec. 2. Whereas, there is an emergency for the immediate taking effect of this act, therefore the same shall be in force and effect from and after its passage.

INDIANA STATE BOARD OF MEDICAL REGISTRATION AND EXAMINATION.
CIRCULAR OF INFORMATION. HOW TO OBTAIN A LICENSE TO PRACTICE
MEDICINE IN INDIANA. BY EXAMINATION.

1. All applicants must be bona fide residents of the State six months before permanent certificates can be issued.

2. Every applicant who entered medical college subsequent to February 1, 1903, must file his entrance credentials (State Board certificate, high school diploma or college degree, or equivalent) with medical credentials.

3. Every applicant must procure the necessary blank from the Secretary of the Board, fill out completely and correctly and make affidavit to the same before some officer authorized to administer oaths; also have two freeholders, residents of the same county and State in which applicant resides, make affidavit to the moral character and to the personal identity of the applicant as the person named in the diploma. The application blank when properly filled, together with the diploma and fee, must be sent by express or registered mail to the State Board of Medical Registration and Examination. Examination fee is \$25, and may be sent in any form except personal check.

4. An examination is required of all candidates. The subjects for examination are anatomy, including histology and embryology; general surgery, materia medica and therapeutics, medicine, obstetrics, pathology and bacteriology, chemistry, etiology and hygiene, physiology, neurology, gynecology, laryngology and rhinology, medical jurisprudence, physical diagnosis, ophthalmology and otology, and pediatrics. The examination consists of 100 questions; possible points, 1,000; 750 points, or a general average of 75 per cent. will be sufficient to pass, provided applicant does not fall below 50 per cent. in more than two subjects.

The examination begins the second Tuesday in July and January of each year, at 8 a. m., and continues three days.

All applicants must be present at the beginning of the first examination. Each applicant will have a table assigned to him by number, and he will be expected to use that table during the entire examination.

5. Only graduates of reputable medical colleges are admitted to the examinations. Application for examination, accompanied by diploma, preliminary credentials required for entrance into medical college and fee, \$25.00, must be on file in this office at least five days prior to the date for examination. Every applicant is required to send to the Secretary of the Board, with his credentials, a recent unmounted photograph of himself. On the reverse side of this photograph the applicant must have written his name in the presence of his freeholders, who will certify under the said signature that the person whose name appears above is personally known to them to be the person shown in the said photograph, and that the signature was written in their presence, and that he is the person they recommend in "Freeholder's Affidavit." No applicant will be admitted to the examination who has not complied with this rule in every respect. A card of admission to the examination will be issued to every applicant whose credentials are received in due time and are satisfactory. No one will be admitted to the examination unless he presents this card the morning the examination begins.

6. Any applicant who desires to be examined in a foreign language, must notify the Secretary of the Board of the fact at least two weeks before the examination, and forward with the said information the translation fee of \$15.00.

7. Temporary permits to practice medicine, surgery and obstetrics until one month after the next regular meeting of the Board, are issued on request, when the application is complete and satisfactory, diplomas recognized and fee paid in full. Permits are issued only to applicants not eligible to a former examination. Applicants are required to take first examination after graduation or location in this State. No permits are granted during the month preceding examination. Do not file permit with County Clerk.

Permanent certificates to practice will not be issued until temporary permit is returned to this office.

8. Upon receipt of permanent certificate by the applicant, he shall, upon the presentation of the same to the Clerk of the county in which he resides, receive a license to practice medicine, surgery and obstetrics within the State of Indiana. This license entitles the holder to practice in the State so long as he maintains his residence in the county in which license was issued. In case of change of residence from one county to another within this State, the holder of a physician's license shall obtain a new license in the county where he proposes to reside, by filing with the County Clerk the license obtained by him in the county in which he last resided, and the Clerk shall issue to him a new license. Do not take out new license unless permanent change of residence is made.

9. No person is qualified to practice medicine, surgery, obstetrics or the healing art in any form, within the State of Indiana, who has not first procured a license or temporary permit to do so under the acts of 1897, 1899, 1901 or 1905.

10. Those who desire to apply for license to practice midwifery must follow the same rules as above, except that the fee is only \$10.00. Translation fee, \$10.00.

11. Former sets of examination questions are not sent out, except as they appear in each annual report which will be mailed on receipt of fifteen cents for postage.

THROUGH RECIPROCITY.

Indiana will admit to licensure through reciprocity any licentiate of a sister State who satisfies the Indiana State Board of Medical Registration and Examination that he has submitted to examination tests, both medical and academic, which were substantially the equivalent of the Indiana requirements at the time of his original registration. Provided, applicant comes from a State which reciprocates with Indiana.

First. The applicant must cause to be filled completely and correctly, the official application blank of the State where registration and license are sought.

Second. The applicant must furnish certificate that he has been in reputable prac-

THE RALPH SANITARIUM

A quiet, well equipped and well handled Home Sanitarium for the treatment of **DRUG** and **LIQUOR** habits. Personal study and attention given each case. OF NORTH AMERICA (1910)

Indiana

609

tice in the State from which he comes for at least one year immediately preceding the date of the application.

Third. All applicants must be bona fide residents of the State six months before permanent certificates are issued.

Temporary permits to practice medicine, surgery and obstetrics until the six months have expired, are issued when the application is complete and satisfactory, diploma recognized and fee paid in full. Do not file permit with County Clerk. Permanent certificates to practice will not be issued until temporary permit is returned to this office.

Fourth. The certificate referred to in the second paragraph must bear the signatures of the President and Secretary of the county, State or national medical society of the school or system of practice to which the applicant belongs and the seal of said society must be affixed. In the absence of seal an affidavit must be attached, that such signatures are those of the President and Secretary of the county, State or national medical society.

Note.—Other evidence than the above will not be accepted.

Fifth. The applicant must be the legal possessor of a diploma issued by a medical college recognized as in good standing by the Indiana State Board of Medical Registration and Examination.

Sixth. Certificates by reciprocity are not issued until applicant has satisfied the Indiana Board by documentary evidence that both academic and medical qualifications are in all essential particulars the equal of Indian licentiates.

Seventh. Applicants for certificate to practice in Indiana on the basis of a diploma must have been graduated and licensed to practice medicine prior to March 11, 1901. Applicants graduating or receiving license subsequent to this date must have successfully passed an examination substantially the equal of examination required by Indiana Board of Medical Registration and Examination.

Eighth. If entrance to medical college be subsequent to February 1, 1903, applicant must submit his entrance credentials, which must have been sufficient to admit him to the State Universities of Indiana without conditions.

Ninth. For its own protection, the Indiana Board deems it necessary to require that every applicant for license through reciprocity shall in person present to the Secretary or Clerk of the Board his diploma.

Tenth. In order that this Board may determine the eligibility of applicants who desire to be licensed in Indiana, the rules above mentioned must be complied with in every particular.

At the present time Indiana has established reciprocal relations, on the basis of an examination, only, with Arkansas, District of Columbia, Georgia, Illinois, Louisiana, New Hampshire, New York, Oklahoma, Texas, and Wyoming, and on the basis either of examination or on diploma from a reputable medical college without examination if the diploma and license were issued prior to March 11, 1901, with Iowa, Kansas, Kentucky, Maine, Maryland, Michigan, Minnesota, Missouri, Nebraska, Nevada, Ohio, Tennessee, Utah, Vermont, Virginia, West Virginia, and Wisconsin.

While the above States have entered into reciprocity with Indiana each State reserves the right to reject applicants who do not comply with the rules and regulations governing reciprocity in the state where license is sought.

The following States do not reciprocate under any conditions:
Alabama, Arizona, California, Florida, Idaho, Massachusetts, Mississippi, Montana, Oregon, Pennsylvania, Rhode Island, South Dakota, Washington.

Don't STAMMER

are endorsed by hundreds of ex-pupils, prominent physicians and leading business men. Book, "Advice to Stammerers" and reference sent on request. Address **The BENJ. N. BOGUE INSTITUTE FOR STAMMERERS**, 1414 N. Illinois, Indianapolis, Ind.

I cured myself after stammering badly for nearly twenty years. I now employ the same methods to cure others. As "like cures like," what worked a cure with me will likewise permanently cure others. Graduates are found in every state, territory and some foreign countries. Students are accommodated in a home-like dormitory. Methods

DON'T STAMMER

I cured myself after stammering badly for nearly twenty years. I now employ the same methods to cure others. As "like cures like," what worked a cure with me will likewise permanently cure others.

It is just a straightforward statement of facts when I say that you cannot go through life as a stammerer or stutterer without being handicapped at every point.

It affects you in business, As an employee, it cuts your earning capacity in half. In social life it is a constant source of embarrassment.

Then why go on suffering the hardships and mortifications of such an impediment when a positive and permanent cure is at hand?

My method is not a theory. It is not an experiment. It has cured the worst cases in the world. It will cure you.

Graduates are found in every state, territory and some foreign countries. Students are accommodated in a home-like dormitory. Methods are endorsed by the leading physicians, business men and ex-pupils everywhere. My book, "Advice to Stammerers," sent free to any address upon request. Ask for reference and full particulars.

THE HAMMOCK INVALID FOLDING BED

IRON BEDS.

WOOD BEDS.

A complete, simple, reliable and low priced invalids' bed, giving the patient relief by being lifted from a heated mattress to a cool and comfortable hammock, securing perfect ventilation and preventing bed sores. Assists the nurse in handling patients and is indispensable in the sick room. The circular hole in the canvas hammock permits the use of a bed or douche-pan without the usual inconvenience and discomfort. Write for description and price list.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

"NORWAYS" SANATORIUM, Inc., FOR NERVOUS DISEASES

1820 E. Tenth St. (Facing Woodruff Park), INDIANAPOLIS, IND.

Consulting Hours by appointment only from 10 to 12 a. m., 2 to 4 p. m. Visiting Hours to Patients, 3 to 5 p. m. Telephones—Old, Woodruff 1999; New 3X3.

"NORWAYS" SANATORIUM

Is strictly a sanatorium for the care and treatment of the sick. It is not a place for persons in search of amusement. The institution is composed of separate buildings, and is thoroughly equipped in every particular. The grounds are extensive and beautiful. The cuisine is excellent. Every method of treatment of known value is employed by skilled attendants and specially trained nurses. Patients suffering from all forms of nervous disease, both medical and surgical, rheumatism, kidney troubles, the various drug habits are accepted. Paralytic children and those in need of the "rest cure" are especially treated. Only mild mental cases are taken. Separate building for such patients.

Terms.—All charges are payable weekly, one week in advance, without exception. They range from \$35 to \$70 per week, depending upon necessities of treatment and location of room. Regular sanatorium rates include board, room, nursing, treatment and physician's fees. There are no extra charges, unless a special nurse (\$20 to \$25 per week) is demanded. Average rate, \$50 per week.

The first complete examination is \$10 to \$25, whether a patient remain in the institution or not.

Fees for operations depend upon special conditions and are not included above.

Outdoor patients will be charged according to the treatment employed.

Garments.—Patients should wear comfortable clothing. No finery is advocated. Each person should have a bath or lounging robe.

Every patient must adhere to printed rules and regulations of the sanatorium. These are posted in proper places about the buildings. No exception will be made to them in any case.

N. B. No person should be brought to the institution who is too weak to be safely removed from home. For further information apply to "NORWAYS" SANATORIUM, Inc.,

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 145-189) indicates the college of graduation, and the last number the year in which diploma was granted.

C

IOWA.

CAPITAL, DES MOINES.

Population, 2,210,050.

(State Census of 1905.)

Number of Physicians, 3,727.

Iowa was organized as a territory in July, 1838, admitted as a state March 3, 1845, and readmitted, with enlarged boundaries, December 28, 1846.

The total land surface of Iowa, is, approximately, 55,475 square miles, the average number of persons to the square mile at the censuses of 1890 and 1900 being as follows: 1890, 34.5; 1900, 40.2. It extends from 40 degrees 25 minutes to 43 degrees 30 minutes north latitude, and from 90 degrees 18 minutes to 96 degrees 53 minutes west longitude, and is bounded on the north by Minnesota, on the south by Missouri, on the east by Wisconsin and Illinois and on the west by Dakota and Nebraska. Iowa forms part of a vast plain and there are no mountains or ranges of hills within the state. The only slopes and surface diversities are formed by the streams, many of which have cut deep valleys into the general level. The highest portion of the state is the elevated plateau

forming the divide between the rivers which empty into the Mississippi river and those which empty into the Missouri river. The lowest point of the state is the southeast extremity at Keokuk, where the Des Moines river empties into the Mississippi. It is 444 feet above sea level. The most elevated section is near Spirit Lake in the northwestern portion, which is 1,694 feet above sea level. The state is particularly well watered, the principal rivers being the Mississippi and Missouri, which form respectively its eastern and western limits, and the Cedar, Iowa, Des Moines, Wapsipinicon and Skunk, affluents of the first named, and the Big Sioux, Little Sioux, Boyers and Nishnabotna, which empty into the Missouri. There are numbers of beautiful small lakes scattered throughout the state. The climate of Iowa is free from injurious extremes, and the purity and dryness of the atmosphere is a marked characteristic. The mean annual temperature as observed at Des Moines is 48.94 degrees, that of the summer 71.80 degrees and of the winter 25.39 degrees. The average rainfall is about 43 inches.

For list of Medical Colleges, see page 152.

MEDICAL LAW OF IOWA.

Chapter XVII., Title 12, Code.—Of the Practice of Medicine.

Section 2576. Board of Medical Examiners—Examinations—Certificates.—The State Board of Medical Examiners shall consist of the physicians of the State Board of Health, and the Secretary of the Board of Health shall be Secretary thereof. It shall hold regular meetings in January and July, and special ones as may be necessary, due notice thereof being given, at which it shall discharge the duties contemplated by this chapter. All examinations shall be in writing, each candidate for examination in any school of medicine being given the same set of questions covering anatomy, physiology, general chemistry, pathology, surgery and obstetrics. In materia medica, therapeutics, and the principles and practices of medicine, a set of questions shall be used corresponding to the school of medicine which the applicant desires to practice. The examination papers, when concluded, shall be marked upon a scale of one hundred, each candidate for examination first to pay to the Secretary of the Board a fee of ten dollars therefor. The average required to pass shall be fixed by the Board prior to the examination. Each applicant shall, upon obtaining an order for examination, receive from the Secretary, a confidential number which he shall place upon his work when completed, so that the Board, in passing thereon, shall not know by whom it was prepared. All matters connected therewith shall be filed with the Secretary and preserved for five years as a part of the records of the Board, during which time they shall be open to public inspection. If the examination is satisfactory to five members of the Board, it shall issue its certificate, under its seal, signed by its President, Secretary and not less than three other members, who may, in the absence of the others, act as an Examining Board, and the different schools of medicine represented in the Board of Health shall be represented in said number. The certificate, while in force, shall confer upon the holder the right to practice medicine, surgery and obstetrics, and be conclusive evidence thereof. In all examinations made or proceedings had pursuant to the provisions of this chapter, any member of the Board may administer oaths and take testimony in any manner authorized by law. Any one failing in his examination shall be entitled to a second one, within three months thereafter, without further fee. If any person shall by notice in writing apply to the Secretary of the Board for an examination or a re-examination, and it fails or neglects for three months thereafter to give him the same, he may, notwithstanding any provisions of this chapter, practice medicine until the next regular meeting of the Board without the required certificate.

Sec. 2577. Recording Certificate.—Every certificate issued under this chapter shall show whether it was granted upon examination or diploma and the school of medicine the holder practices under. He shall, before engaging in the practice of medicine, file the same for record in the office of the Recorder of the county in which he resides, who shall record it in a book provided for that purpose, which record shall be open to public inspection, and for which service the Recorder may charge a fee of fifty cents, to be paid by the holder of the certificate. The same record must be made of the certificate in any county to which the holder may remove and in which he proposes to practice.

RIVER CREST

ASTORIA, L. I., NEW YORK CITY.
A PRIVATE SANITARIUM FOR NERVOUS
AND MENTAL DISEASES;
ALCOHOLIC AND DRUG HABITUES.

(See adv. in NEW YORK)

Sec. 2578. The Board of Medical Examiners may refuse to grant a certificate to any person otherwise qualified and shall revoke any certificate issued by it to any physician, who is not of good moral character, or who solicits professional patronage by agents, or who profits by the acts of those representing themselves to be his agents, or who is guilty of fraudulent representations as to his skill and ability, or who is guilty of gross unprofessional conduct, or for incompetency, or for habitual intoxication or drug habit; or if the certificate has been granted upon false and fraudulent statements as to graduation or length of practice, the Board of Medical Examiners shall, to safeguard the public health, revoke the certificate in the manner hereinafter set forth. Before the revocation of any certificate issued by the State Board of Medical Examiners the licentiate shall have been afforded an opportunity for a hearing before the Board. At least twenty (20) days prior to the date set for such a hearing, the Secretary of the State Board of Medical Examiners shall cause a written notice to be personally served upon the defendant in the manner described for the serving of original notice in civil actions. Said notice shall contain a statement of the charges and the date and place set for the hearing before the Board. If the party thus notified fails to appear, either in person or by counsel at the time and place designated in said notice, the Board shall, after receiving satisfactory evidence of the truth of the charges and the proper issuance of notice, revoke said certificate. If the licentiate appear either in person or by counsel, the Board shall proceed with the hearing as herein provided. The Board may receive and consider affidavits and oral statements and shall cause stenographic reports of the oral testimony to be taken, which, together with all other papers pertaining thereto, shall be preserved for two years. If five members of the Board, present at the hearing, are satisfied that the licentiate is guilty of any of the offenses charged the license shall be revoked. After the revocation of a certificate the holder thereof shall not practice medicine, surgery or obstetrics in this State, for such times as the State Board of Health may determine. Any person aggrieved by any ruling or order entered under the provisions of this act shall have the right of an appeal to the District Court in the county where the alleged offense was committed, upon giving notice to the Board of Medical Examiners of such appeal within twenty days after the entry of such ruling, order or judgment.

Sec. 2579. Who Deemed Practitioner.—Any person shall be held as practicing medicine, surgery or obstetrics, or to be a physician within the meaning of this chapter, who shall publicly profess to be a physician, surgeon or obstetrician, and assume the duties, or who shall make a practice of prescribing or of prescribing and furnishing medicine for the sick, or who shall publicly profess to cure or heal; but it shall not be construed to prohibit students of medicine, surgery or obstetrics, who have not had less than two courses of lectures in a medical school of good standing, from prescribing under the supervision of preceptors, or gratuitous service in case of emergency, nor to prevent the advertising, selling or prescribing natural mineral waters flowing from wells or springs, nor shall it apply to surgeons of the United States Army or Navy, nor of the Marine Hospital Service, nor to physicians or midwives who have obtained from the Board of Examiners a certificate permitting them to practice medicine, surgery or obstetrics without a diploma from a medical school or examination by the Board, nor to physicians, as defined herein, who have been in practice in this State for five consecutive years, three years of which time shall have been in one locality, nor to filling prescriptions by a registered pharmacist, nor to the advertising and sale of patent or proprietary medicines.

Sec. 2580. Penalties.—Any person who shall present to the Board of Medical Examiners a fraudulent or false diploma, or one of which he is not the rightful owner, for the purpose of procuring a certificate as herein provided, or shall file or attempt to file, with the Recorder of any county in the State the certificate of another as his own, or who shall falsely personate any one to whom a certificate has been granted by such Board, or shall practice medicine, surgery or obstetrics in the State without having first obtained and filed for record the certificate herein required, and who is not embraced in any of the exceptions contained in this chapter, or who continues to practice medicine, surgery or obstetrics after the revocation of his certificate, is guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than three hundred dollars, nor more than five hundred dollars, and costs of prosecution, and shall stand committed to the county jail until such fine is paid; and whoever shall file or attempt to file with the Recorder of any county in the State the certificate of another with the name of the party to whom it was granted or issued erased, and the claimant's name inserted, or shall file or attempt to file with the Board of Medical Examiners any false or forged affidavit of identification, shall be guilty of forgery.

Sec. 2581. Itinerant Physician.—Every physician practicing medicine, surgery or obstetrics, or professing or attempting to treat, cure or heal diseases, ailments or injuries by any medicine, appliances or methods, who, by himself, agent or employe goes from place to place, or from house to house, or by circulars, letters or advertisements, solicits persons to meet him for professional treatment at places other than his office at the place of his residence, shall be considered an itinerant physician; and any such itinerant physician shall, in addition to the certificate elsewhere provided for in this chapter, procure from the State Board of Medical Examiners a license as an itinerant, for which he shall pay to the Treasurer of State, for use of the State of Iowa, the sum of two hundred and fifty dollars per annum. Upon payment of this sum, the Secretary shall issue to the applicant therefor a license to practice within the State, as an itinerant physician, for one year from the date thereof. The Board may, for satisfactory reasons, refuse to issue such license, or may cancel such license upon satisfactory evidence of incompetency or gross immorality. Any person practicing medicine as an itinerant physician, as herein defined, without having procured such license, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be fined not less than three hundred dollars, nor more than five hundred dollars, and costs, and shall be committed to the county jail until such fine is paid; provided, however, that nothing herein shall be construed to pre-

vent any physician otherwise legally qualified from attending patients in any part of the State to whom he may be called in the regular course of business, or in consultation with other physicians.

Sec. 2582. Examination and Diploma Required.—From and after January 1, 1899, all persons beginning the practice of medicine in the State of Iowa must submit to an examination as set forth in this chapter, and in addition thereto, shall present diplomas from medical colleges recognized as in good standing by the State Board of Medical Examiners, and all persons receiving their diplomas subsequent to January 1, 1899, shall present evidence of having attended four full courses of study of not less than twenty-six weeks each, no two of which shall have been given in any one year. The State Board of Medical Examiners shall examine the graduates of the Medical Departments of the State University of Iowa and of such other medical colleges in this State as are recognized by said Board of Medical Examiners as being in good and legal standing at the Annual Medical Commencement and at the location of said State University and other medical colleges respectively.

Sec. 2583. Fees. Compensation—Expenses of Board.—Each member of the Board of Medical Examiners shall receive out of the fund created by the payment of fees by applicants for examination or certificates, the sum of eight dollars for each day, and necessary traveling expenses, for the time he is actually engaged in the discharge of his duties as a member of the Board, and the Secretary shall receive a sum not to exceed twenty-five dollars (\$25) per month and his necessary expenses incurred for services which cannot be performed at the capitol. All printing, postage and other contingent office expenses necessarily incurred under the provisions of this chapter, shall be paid from said fund. Any balance of said funds remaining shall be turned over to the State Treasurer for the use of the school fund.

Chapter XVIIa, Title XII, of Supplement to Code.—Of the Practice of Osteopathy.

Section 2583-a. Diploma—Examination—Certificate.—Any person holding a diploma from a legally incorporated school of osteopathy, recognized as of good standing by the Iowa Osteopathic Association, and wherein the course of study comprises a term of at least twenty (20) months, of four (4) terms of five (5) months each, in actual attendance at such school, and which shall include instruction in the following branches, to-wit: Anatomy, including dissection of a full lateral half of the cadaver; Physiology, Chemistry, Histology, Pathology, Gynecology, Obstetrics and theory of Osteopathy, and two full terms of practice of Osteopathy, shall, upon the presentation of such diploma to the State Board of Medical Examiners and satisfying such Board that he is the legal holder thereof, be granted by such Board an examination on the branches herein named (except upon the theory and practice of Osteopathy until such time as there may be appointed an Osteopath physician on the State Board of Health and of Medical Examiners). The fee for said examination, which shall accompany the application, shall be ten dollars (\$10) and the examination shall be conducted in the same manner, and at the same place and on the same date that physicians are examined as prescribed by Section twenty-five hundred and seventy-six (2576) of the Code. The same general average shall be required as in cases of physicians; provided that Osteopaths who are graduates of legally incorporated schools of Osteopathy as above recognized, and who are at the time of the passage of this act engaged in the practice of Osteopathy in Iowa, shall be entitled to receive a certificate upon the payment of the prescribed fee without such examination. Upon passing a satisfactory examination as above prescribed the said Board of Medical Examiners shall issue a certificate to the applicant therefor, signed by the President and Secretary of said Board, which certificate shall authorize the holder thereof to practice Osteopathy in the State of Iowa. This certificate when issued shall be registered with the Recorder of the county in which the holder thereof resides and for which he shall pay a fee of fifty cents (50c). And the holder thereof shall not be subject to the provisions of Sec. 2580 of the Code. In the foregoing section shall not authorize the holder thereof to prescribe or use drugs in his practice, nor to perform major or operative surgery.

Sec. 2483-c. Revocation of Certificate.—The Board of Medical Examiners may refuse to grant a certificate to any person otherwise qualified, who is not of good moral character. For like cause, or for incompetency, or habitual intoxication, or upon satisfactory evidence by affidavit or otherwise that a certificate had been granted upon false and fraudulent statements as to graduation or length of practice, the said Board may revoke a certificate by an affirmative vote of the last five (5) members of the Board which number shall include one or more members of the different schools of medicine represented in said Board. After the revocation of a certificate, the holder thereof shall not practice osteopathy, surgery, or obstetrics in this State.

Sec. 2583-d. Fraudulent Diploma—False Representation—Penalties.—Any person who shall present to the Board of Medical Examiners a fraudulent or false diploma, or one of which he is not the rightful owner, for the purpose of procuring a certificate as herein provided, or shall file, or attempt to file, with the Recorder of any county in the State the certificate of another as his own, or who shall falsely personate anyone to whom a certificate has been granted by such Board, or shall practice Osteopathy, surgery or obstetrics in the State without having first obtained and filed for record the certificates herein required, and who is not embraced in any of the exceptions contained in this chapter, or who continues to practice Osteopathy, surgery or obstetrics after the revocation of his certificate, is guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than three hundred dollars (\$300), nor more than five hundred dollars (\$500), and costs of prosecution, and shall stand committed to the county jail until such fine is paid; and whoever shall file or attempt to file with the Recorder of any county in the State the certificate of another with the name of the party to whom it was granted or issued erased, and the claimant's name inserted, or shall file or attempt to file with the Board of Medical Examiners any false or forged affidavit of identification, shall be guilty of forgery.

Sec. 2583-e. Itinerant Osteopath—License.—Every person practicing Osteopathy,

(1910) POLK'S MEDICAL REGISTER

Iowa

or obstetrics, professing to treat, cure or heal diseases, ailments or injury by any Osteopathic application or method, who goes from place to place, or from house to house, or by circulars, letters or advertisements solicits persons to meet him for professional treatment at places other than his office at the place of his residence, shall be considered an itinerant Osteopath; and such itinerant Osteopath shall, in addition to the certificate elsewhere provided for in this chapter, procure from the State Board of Medical Examiners a license as an itinerant, for which he shall pay to the Treasurer of the State, for use of the State of Iowa, the sum of two hundred and fifty dollars (\$250) per annum. Upon payment of this sum, the Secretary shall issue to the applicant therefor a license to practice within the State, as an itinerant Osteopath, for one year from the date thereof. The Board may, for satisfactory reasons, refuse to issue such license, or may cancel such license upon satisfactory evidence of incompetency or gross immorality.

Sec. 2583-f. Acts in Conflict—Repeal.—All acts and parts of acts in conflict herewith are hereby repealed.

RECIPROCITY.

The Iowa State Board of Medical Examiners issues two forms of Reciprocal certificates. Reciprocity—A and Reciprocity—B.

Reciprocity—A. Upon the basis of a written examination by a State examining board having reciprocal relations with the Iowa Board, provided that the general average attained by the applicant was not below 75 per cent. The following States have been admitted under Reciprocity—A: Illinois, Colorado, Wyoming, Ohio, North Dakota, Virginia, New Jersey.

Reciprocity—B. Upon a certificate issued by another State holding reciprocal relations with Iowa upon the basis of a diploma without examination; provided such diploma was issued prior to January 1, 1899, by a medical college recognized by the Iowa State Board of Medical Examiners, as in good standing when said diploma was issued. The following States have been admitted under Reciprocity—B: Minnesota, Nebraska, Kansas, Missouri, Nevada, Wisconsin, Georgia, Utah, Indiana, Kentucky, West Virginia, Michigan, South Carolina, North Carolina, Maryland, Maine.

Dr. C. M. Swale, President.
Dr. Chas. L. Marston, Vice-Pres.
Dr. C. F. Starr, Secretary and Treas.
Dr. W. E. Long. Dr. Fred Albert.

PRIVATE SANITARIUM

(INCORPORATED)

**AN ARISTOCRATIC HOME FOR MENTAL AND
NERVOUS DISEASES, DRUG AND ALCOHOL HABITS**

**Separate apartments for each; 52 rooms; 13,000 square feet polished floors;
6 complete baths; Electric Light Baths on each floor; modern.**

Scientific Equipments and Home Comforts without Hospital atmosphere.

DR. BURNETT'S

Preferred Method of Morphine Treatment; by this method no patient need know when the drug is discontinued and there will be no suffering if the patient obeys instructions. Inebriety with an underlying insanity is incurable; uncomplicated addictions are cureable by treating the patient instead of the habit. Any ignoramus can take away the drug, but short cuts do not cure.

Nervous, Mental and Inebriated cases are assigned to apartments by themselves and cannot annoy each other. Male and female apartments have no communication, male and female nurses respectfully assigned. Ethical Physicians are invited to visit the home.

3100 Euclid Avenue,

KANSAS CITY, MO.

POLK'S DENTAL REGISTER

OF THE

United States and Canada.

This is positively the only National Dental Directory published.

Over 36,000 Dentists, arranged by States, Territories and Provinces, with Post-office address and College and year of Graduation.

All the Existing Dental Colleges in the United States and Canada, with Location, Faculty, etc.; also extinct Dental Colleges.

The various Dental Societies and Dental Journals.

Synopsis of Laws regulating practice of Dentistry in each State, Territory and Province.

A Descriptive Sketch of each State, Territory and Province.

It is the only publication of the kind giving an alphabetical list of all Dentists and a reference to name where it appears with post-office address and college information.

There is no more direct or economical way of reaching the Dentists of the United States and Canada than by an advertisement in the Register, or if you wish to circularize, the Register presents the list in convenient form for addressing.

PRICE \$10.00 PER COPY.

R. L. POLK & CO., Publishers, DETROIT

10-09-'07. S. 100M.

ABBREVIATIONS:

R., Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; †, Holds certificate of Examining Board; ‡, Legally authorized under the "years of practice" section of the act; †, Dentist; R. D. 1, Rural Free Delivery No. 1.

Don't STAMMER

are endorsed by hundreds of ex-pupils, prominent physicians and leading business men. Book, "Advice to Stammerers" and reference sent on request. Address **The BENJ. N. BOGUE INSTITUTE FOR STAMMERERS**, 1414 N. Illinois, Indianapolis, Ind.

I cured myself after stammering badly for nearly twenty years. I now employ the same methods to cure others. As "like cures like," what worked a cure with me will likewise permanently cure others. Graduates are found in every state, territory and some foreign countries. Students are accommodated in a home-like dormitory. Methods

C

KANSAS.

CAPITAL, TOPEKA.

Population of State, 1,612,471.

(State Census, 1905.)

Number of Physicians, 2,585.

Kansas is a part of that great tract of country purchased by the United States from France in 1803, known as the Louisiana Purchase. It was organized as a territory May 30, 1854, and admitted as a state January 29, 1861. A gently undulating plain 210 miles in width from north to south and 400 miles long from east to west; this is the first thing to be said about the great agricultural state which lies in the very heart of the American continent. The plain slopes from west to east at an average of about seven feet to the mile; there is also an inclination from north to south as indicated by the water courses which bear generally in a southeasterly direction. The mouth of the Kansas river, on the eastern boundary, is 750 feet above sea level; the average altitude of the western boundary is about 3,500 feet.

The state lies within the meridian of 94 degrees 37 minutes and 102 degrees west longitude and the parallels 37 degrees and 40 degrees north latitude, and is bounded on the north by Nebraska, on the south by Oklahoma, on the east by the State of Missouri and the Missouri river and on the west by Colorado. The total land surface is approximately 81,700 square miles, the average number of persons to the square mile at the U. S. census of 1890 and 1900 being as follows: 1890, 17.4; 1900, 18. It is the central state of the Union, excluding the remote possessions, being equi-distant from the Atlantic and Pacific oceans on the east and west and the British possessions and Mexico on the north and south.

The geographical position of Kansas is an unanswerable argument in favor of its healthfulness. The enterprise and vigorous advancement shown in the years of settlement contribute another premise to the logic whose conclusion is that Kansas is all that can be desired for health and vigorous, pushing health at that. From a weather record observed

MEDICAL COLLEGES BOTH EXISTING AND EXTINCT IN NORTH AMERICA IN *Polk's Medical Register and Directory*

Kansas

OF NORTH AMERICA (1910)

Kansas

715

at Lawrence it appears that the mean temperature for the spring months is 54 degrees, for summer 76.39 degrees, for autumn 52.89 degrees, and for winter 30.08 degrees; the mean temperature for the year is 53.34 degrees. This places Kansas in line with the States of Missouri, Southern Illinois, Southern Indiana, Southern Ohio, Kentucky, the Virginias and Maryland. The average rainfall is about 31.75 inches.

For list of Medical Colleges, see page 152.

STATE BOARD OF HEALTH.

MEDICAL LAW OF KANSAS.

Chapter 254, of the Session Laws of 1901, Relating to the Practice of Medicine.
 AN ACT to create a State Board of Medical Registration and Examination and to regulate the practice of medicine, surgery and osteopathy in the State of Kansas, prescribing penalties for the violation thereof, and repealing chapter 68, of the Session Laws of 1870.

Be it enacted by the Legislature of the State of Kansas:

Section 1. Within sixty days after the passage of this act, the governor, by and with the consent of the Senate, shall appoint a State Board of Medical Registration and Examination, consisting of seven members, one to serve for one year, two for two years, two for three years, and two for four years, and the successors of each shall be appointed in the same manner for the term of four years, who shall be physicians in good standing in their profession, and who shall have received the degree of doctor of medicine from some reputable medical college or university not less than six years prior to their appointment, representation to be given to the different schools of practice as nearly as possible in proportion to their numerical strength in this state, but no one school to have a majority of the whole board. Each member of the board shall take and subscribe the oath prescribed by law for state officers, which oath shall be filed with the Secretary of State. The board shall organize by the selection of a president and secretary from among their own number, each to serve for such term as the board may designate, not exceeding four years. It shall have a common seal, and shall formulate rules to govern its actions. Its president and secretary shall have power to administer oaths pertaining to all matters related to the business of the board. The secretary shall furnish to said board a satisfactory bond conditioned for the faithful performance of his official duties. Said board shall hold regular meetings on the second Tuesday in February, June and October, of each year, and one other meeting at such time and place as the board may designate, in such of the chief cities of the state as the board may designate. Five members shall constitute a quorum for the transaction of all business, but no license to practice medicine and surgery shall be issued by the board upon less than five affirmative votes when the full board is present, or upon less than a majority affirmative votes when less than full board is present. The board shall keep a record of all of its proceedings, and also a register of all applicants for license to practice medicine in all of its branches within the state, together with a record showing the age of the applicant, time spent in the study of medicine, and the name and location of the institution or institutions from which the applicant may have received degrees or certificates of medical instructions; also, whether the candidate was licensed or rejected, said books and register shall be prima facie evidence of all matters recorded therein.

Sec. 2. All persons engaged in the practice of medicine on the date of the passage of this act, shall, within four months from the date of such passage, apply to the board of registration and examination for a license to practice. To all such as present the following qualifications, the board shall issue a license upon payment of fee hereinafter specified: If a graduate in medicine or surgery, he shall either personally or by letter or proxy present his diploma to the State Board of Medical

MEDICAL COLLEGES BOTH EXISTING AND EXTINCT IN NORTH AMERICA IN *Polk's Medical Register and Directory*

Kansas

(1910) POLK'S MEDICAL REGISTER

Kansas

Registration and Examination for verification. Accompanying such diploma the applicant shall file his affidavit, duly attested, stating that the applicant is the person named in the diploma and is the lawful possessor of the same, and giving his age and time spent in the study of medicine. If the board shall find the diploma to be genuine, and from a legally chartered medical institution, in good standing, as determined by the board, and the person named therein, be the person holding and presenting the same, the board shall issue its certificate to that effect, signed by its president and secretary, which, when left for record with the county clerk of the county in which said applicant practices, as hereinafter required, shall be conclusive evidence that its owner is entitled to practice medicine and surgery in this state. If a practitioner of medicine, in Kansas, at the time of the passage of this act, but not a graduate of medicine or surgery as above defined, he shall either personally or by letter or proxy furnish the board affidavits duly attested stating the period during which, and the places at which he has been engaged in the practice of medicine or surgery. If the board is satisfied from the affidavit and other information received that the applicant was a resident engaged continuously in the practice of medicine in the State of Kansas, for seven years prior to the passage of this act, it shall issue its certificate to that effect, which, when left for record with the county clerk of the county in which he resides, shall be conclusive evidence that its owner is entitled to practice medicine and surgery in this state. If engaged in the practice of medicine in this state at the time of the passage of this act for a less period than seven years, prior to the passage of this act, and not a graduate in medicine or surgery as above defined, the applicant shall present himself before the board and submit to such examination as to his qualifications for the practice of medicine and surgery as the board may require. If the applicant passes the examination satisfactory to the board, the board shall issue its certificate to that effect, which, when left for record with the county clerk of the county in which he resides, shall entitle its owner to practice medicine or surgery in this state. The board may refuse to grant a certificate to any person guilty of felony or gross immorality or addicted to the liquor or drug habit to such a degree as to render him unfit to practice medicine or surgery and may after notice and hearing revoke the certificate for like cause.

Sec. 3. All persons intending to practice medicine, surgery or osteopathy after the passage of this act, and all persons who shall not have complied with Section 2 of this act shall apply to said board at any regular meeting or at any other time or place as may be designated by the board for a license. Application shall be made in writing, and shall be accompanied by the fee hereinafter specified, together with the age and residence of the applicant, proof that he or she is of good moral character and satisfactory evidence that he or she has devoted not less than three periods of six months each, no two in the same twelve months, or if after April 1, 1902, four periods of not less than six months each, no two in the same twelve months, to the study of medicine and surgery. All such candidates, except as hereinafter provided, shall submit to an examination of a character to test their qualifications as practitioners of medicine or surgery, and which shall embrace all those topics and subjects a knowledge of which is generally required by reputable medical colleges of the United States for the degree of doctor of medicine; provided that the examination in materia medica and therapeutics, and in the theory and practice of medicine, shall be conducted by those members of the board who are of the same school of practice as the applicant claims to follow; provided, further, that graduates of legally chartered medical institutions of the United States or foreign countries in good standing as determined by the board may be, at the discretion of the board, granted a license without examination; provided further, that any graduate of a legally chartered school of osteopathy wherein the requirements for the giving of a diploma shall include a course of instruction of not less than four terms of five months each, in two or more separate years, shall be given a certificate of license to practice osteopathy upon the presentation of such diploma; provided further, that the board may in its discretion accept, in lieu of examination or diploma, the certificate of the board of registration and examination of any other state or territory, of the United States or any foreign country whose standards of qualification for practice are equivalent to those of this state; provided, that a temporary certificate may be issued to any student of medicine, or practitioner of medicine, who is not qualified under the law upon the written request of a majority of the practitioners of medicine under this act in the county in which he or she desires to practice, or if there be no practitioners registered under this act in any county in this state, the board shall issue a temporary permit to persons as above described upon the application of the Board of County Commissioners of said county.

Sec. 4. Upon the completion of the examination or the acceptance of the diploma or certificate as herein provided, the said board shall, if it finds the applicant qualified, grant and issue a certificate to said applicant to practice medicine and surgery or osteopathy within this state, and which shall be signed by the president and secretary and attested by the seal of the board. Within thirty days of the date of any certificate of license having been granted and issued by the board, the owner thereof shall have it recorded as hereinafter provided, in the office of the clerk of the county in which he resides, or if a non-resident of this state, then of the county in which he has an office or intends to practice, and the date of recording shall be endorsed thereon, and until such certificate or license is recorded he shall not exercise any of the rights or privileges therein conferred. The county clerk shall keep in a book for the purpose, a complete list of the certificates recorded by him, which book shall be open to public inspection during business hours. Between the first and twentieth days of December in each year, the county clerk shall furnish the secretary of the board a list of all certificates recorded, and in force, and also a list of all certificates which have been revoked, or the owners of which have removed from the county or died during the year. The fee for the recording and reporting of such certificates shall not exceed one dollar.

Sec. 5. The fee for the issuance of a certificate to all those found qualified to practice medicine, surgery or osteopathy without examination as provided under Section 2, shall be two dollars. The fee for examination shall be fixed by the board,

THE RALPH SANITARIUM

A quiet, well equipped and well handled Home Sanitarium for the treatment of **DRUG** and **LIQUOR** habits. Personal study and attention given each case. A new and very successful treatment, removing the desire and necessity for the Drug or Liquor within a few days and restoring the patient to normal condition in a few weeks' time. Good nursing, every comfort, scientific treatment, no suffering and A CURE. Special rates to physicians. For Literature and full details of treatment address **THE RALPH SANITARIUM, 529 Highland Ave., Kansas City, Mo.**

but shall not exceed fifteen dollars. The fee for examination of diploma, or certificate from an examining board of another state, shall also be fixed by the board, but shall not exceed ten dollars. All moneys received by the board shall be paid by the secretary thereof into the state treasury monthly. The compensation and actual traveling thereof into the state treasury monthly. The compensation and actual traveling and other expenses of the board shall be paid from the treasury of the state; provided, that the total amount paid from the state treasury under the provisions of this act shall not exceed the amount paid into the treasury as herein provided. The compensation of the members of the board shall be six dollars for every day actually spent in the discharge of their duties. In addition to his actual traveling expenses, the secretary shall receive a salary to be fixed by the board, but it shall not exceed eight hundred dollars per annum. All of such compensation and traveling expenses shall be approved by the president and secretary of the board. It shall be the duty of said board to make a report of their proceedings to the governor annually on or before the 15th of November, which report shall include an account of all moneys received and disbursed by them.

Sec. 6. Any person shall be regarded as practicing medicine and surgery within the meaning of this act who shall prescribe, or who shall recommend for a fee for like use, any drug, or medicine, or perform any surgical operation of whatever nature for the cure or relief of any wounds, fracture or bodily injury, infirmity or disease of other person, or who shall use the words or letters "Dr.," "Doctor," "M. D.," or any other title in connection with his name which in any way represents him as engaged in the practice of medicine and surgery, but nothing in this act shall be construed as interfering with any religious beliefs in the treatment of disease: Provided, that quarantine regulations relating to contagious diseases are not infringed upon. All persons who practice osteopathy shall be registered and licensed as doctors of osteopathy as hereinbefore provided, but they shall not administer drugs or medicines of any kind nor perform operations in surgery. This act shall not apply to any commissioned medical officer of the United States Army, Navy or Marine Service, in the discharge of his official duties, nor to any legally qualified dentist, when engaged in the legitimate practice of his profession; nor to any physician or surgeon who is called from another state or territory in consultation with a licensed physician of this state, or to treat a particular case in conjunction with a licensed practitioner of the state, and who does not otherwise practice in the state. Nor shall anything in this act apply to the administration of domestic medicines nor to prohibit gratuitous services; provided, any person holding a diploma issued by an optical college and who has studied the anatomy of the eye and contiguous parts, human physiology and natural philosophy for at least six months under a competent teacher and who shall pass examination satisfactory to the State Board of Medical Registration and Examination, shall be eligible to register as an "Optician" or "Doctor of Optics" and shall be otherwise governed by this act so far as the same is applicable.

Sec. 7. From and after the 1st day of September, 1901, any person who shall practice medicine and surgery or osteopathy in the State of Kansas without having received and had recorded a certificate under the provisions of this act, or any person violating any of the provisions of this act, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not less than fifty dollars nor more than two hundred dollars for each offense and in no case wherein this act shall have been violated shall any person so violating receive compensation for services rendered. It shall be the duty of the Secretary of the State Board of Registration and Examination to see that this act is enforced.

Sec. 8. Any person who shall swear falsely in any affidavit or oral testimony made or given by virtue of the provisions of this act, or the regulations of said Board of Registration shall be deemed guilty of perjury.

Sec. 9. Chapter 68, of the Session Laws of 1870, is hereby repealed.

Sec. 10. This act shall take effect and be in force from and after its publication in the official state paper.

Approved March 1st, 1901.

Published in official state paper March 22nd, 1901.

SENATE BILL NO. 69.

(Approved January, 1908.)

AN ACT amending chapter 254 of the Laws of 1901, the same being an act entitled, "An Act to create a State Board of Medical Registration and Examination and to regulate the practice of medicine, surgery and osteopathy in the state of Kansas, to provide penalties for the violation thereof and repealing chapter 68 of Session Laws of 1870," and repealing section 6 of chapter 254 of the Laws of 1901.

Be it enacted by the Legislature of the State of Kansas:

Section 1. That section 6 of chapter 254 of the laws of 1901, be amended to read as follows: Section 6. Any person shall be regarded as practicing medicine and surgery within the meaning of this act who shall prescribe, or who shall recommend for a fee, for like use, any drug or medicine, or perform any surgical operation of whatsoever nature for the cure or relief of any wounds, fracture or bodily injury, infirmity or disease of another person or who shall use the words or letters, "Dr.," "doctor," "M. D.," or any other title in connection with his name which in any way represents him as engaged in the practice of medicine or surgery, or any person attempting to treat the sick or others afflicted with bodily or mental infirmities or any person representing or advertising himself by any means or through any medium whatsoever, or in any manner whatsoever, so as to indicate he is authorized to or does practice medicine or surgery in this state, or that he is authorized to or does treat the sick or others afflicted with bodily infirmities, but nothing in this act shall be construed as interfering with any religious beliefs in the treatment of diseases, provided that quarantine regulations relating to contagious diseases are not infringed upon. All persons who practice osteopathy shall be registered and

licensed as doctors of osteopathy, as hereinbefore provided, but they shall not administer drugs or medicine of any kind nor perform operations in surgery.

This act shall not apply to any commissioned medical officer of the United States Army, Navy or Marine Service, in the discharge of his official duties; nor to any legally qualified dentist, when engaged in the legitimate practice of his profession; nor to any physician or surgeon who is called from another state or territory in consultation with a licensed physician of this state, or to treat a particular case in conjunction with a licensed practitioner of this state, and who does not otherwise practice in the state. Nor shall anything in this act apply to the administration of domestic medicines, nor to prohibit gratuitous services; provided, any person holding a diploma issued by an optical college, and who has studied the anatomy of the eye and contiguous parts, human physiology and natural philosophy for at least six months under a competent teacher, and who shall pass examination satisfactory to the state board of medical registration and examination, shall be eligible to register as an optician or doctor of optics, and shall be otherwise governed by this act so far as the same is applicable.

Sec. 2. That Section 6 of Chapter 254 of the Laws of 1901, is hereby repealed.

Sec. 3. This act shall take effect and be in force from and after its publication in the official state paper.

POLK'S DENTAL REGISTER

of the United States and Canada.

Theninth revised edition to be issued July 1910, will contain the names and addresses of over 36,000 **DENTISTS**, with **GRADUATION PARTICULARS**, a list of all **DENTAL COLLEGES** in the United States and Canada, and a synopsis of the **STATE LAWS** for regulating the practice of Dentistry, etc., also a vast amount of other information of special interest to the Dental Profession, calculated to insure for it a large and general circulation.

It is the only standard and recognized Dental Directory and List of Dental Institutions and Societies in the United States and Canada.

Mental and Nervous Diseases, the
Drug Habit and Inebriety.**

F. M. TRACY, M. D., General Manager.

**S. S. GLASSCOCK, M. D., Sec'y and Medical Director,
Professor of Neurology, University of Kansas.**

Office, 521-522 Portsmouth Building, Kansas City, Kansas.

TELEPHONES: Bell, 19 West; Home, 19 West.

LIST OF PHYSICIANS

ARRANGED ALPHABETICALLY BY POSTOFFICES.

For Corrections and Names Received Too Late for Regular Insertion, see Supplement. Refer to Index for Location.

ABBREVIATIONS:

R. Regular; H., Homoeopathic; Ecl., Eclectic; P. M., Physio-Medical; *, No report received; %, Holds certificate of Examining Board; †, Legally authorized under the "years of practice" section of the act; ‡, Dentist; R. D. 1, Rural Free Delivery No. 1.

The postoffice address is shown in **DISPLAY TYPE**, the name of the county in which it is located immediately follows and then the population of the place. The names of physicians appear under the postoffice name, the first number (the key to which will be found on pages 143-189) indicates the college of graduation, and the last number the year in which diploma was granted.

The Association of American Directory Publishers

President, A. V. WILLIAMS, Cincinnati

First Vice President, R. H. DONNELLEY, Chicago

Second Vice-President, J. L. HILL, Richmond, Va.

Secretary-Treasurer, W. H. BATES, New York

TRUSTEES:

W. E. MURDOCK, Boston

R. L. POLK, Detroit

R. H. DONNELLEY, Chicago

W. H. BATES, New York

A. V. WILLIAMS, Cincinnati

W. H. LEE, New Haven

J. L. HILL, Richmond

E. M. GOULD, St. Louis

W. H. TORCHIANA, Philadelphia

Secretary's Office, 89 Third Ave., Borough of Manhattan.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide **protection** to the public against **fraudulent advertising schemes which operate under the name of Directories**, and to drive unprincipled promoters of the same out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100.00 Reward Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory.

BONNER SPRINGS LODGE

BONNER SPRINGS, KANSAS

(A Suburb of Kansas City, Mo.)

A pleasant home for nervous invalids and narcotic habitues. The attention of the medical profession is respectfully called to the advantages offered at this institution in the care and treatment of Hysteria, Neurasthenia, Melancholia, Morphinism, Inebriety and the various psychoses. For the disorders mentioned a skillful combination of the family plan, or home treatment, with the appliances and regime of a first-class sanitarium are to be found at the Lodge. Far removed from the dust and heat of the city, the clang of car bells and the many distractions of a commercial center, we have a handsome and commodious structure of fifty rooms, with 500 feet of broad verandas, steam heat, sanitary plumbing, baths, electricity, abundant water of the finest quality, a high and healthful location, a beautiful lawn, a magnificent view of the Kaw river and valley, and a park of eighty acres, containing many medicinal springs of undoubted value.

The Lodge is under the daily personal supervision of Dr. Henry C. Hays, who is a member of the regular medical profession and devotes his exclusive attention to nervous and mental diseases.

Particular attention is called to the fact that a nurse is assigned to each patient. Although this involves some additional expense, experience warrants the statement that the investment is a good one, individual attention being the keynote to success in these cases.

The Lodge is conducted upon strictly ethical lines, no patronage being solicited except through the profession.

The charges are as low as may be obtained at any institution of similar character and equal grade.

TELEPHONES:
